

Submitting Scores for SWAG (9th – 12th grade)

Each coach is expected to submit the game score immediately following the conclusion of the game using the Sports Engine (SE) app. Either coach can enter the score and it will update for both teams! To ensure scores are entered in a timely manner, we ask that both coaches open the SE app to enter the score after each game. If the score is already entered for a particular game, no further action is needed.

Score Submission Steps:

1. Click on schedule and then select the game to be scored.
2. In the bottom right corner click 'Score'  
3. Enter the final score AND change the 'Scheduled' dropdown to 'Completed'. The score will not flow through to the standings unless 'Completed' is selected!

The image shows two side-by-side screenshots of the SE app's score submission interface. The left screenshot shows a game scheduled for Monday, Dec 8, 2025 at 5 PM. The game is 'Test Home' (EPBBA 6th Grade Travel) with a score of 0. Below it is 'EPBBA T6-1 Away' (EPBBA 6th Grade Travel) with a score of 0. The 'Score Type' dropdown is set to 'Scheduled'. An arrow points to the right screenshot, which shows the same game now completed on Tuesday, Feb 3, 2026 at 8 AM. The 'Test Home' score is 15 and the '4 Red Away' (4th Grade) score is 20. The 'Score Type' dropdown is now set to 'Completed'. Below the game list, there is a checkbox for 'Notify teams of changes' which is unchecked, and a blue 'Save' button and a 'Close' link.

4. Scroll down and click the same 'Save' button.

Additional Notes:

- Coaches will be given admin access to their SE team and can assign a team manager to submit scores if they desire.
- The league standings will be used to rank teams for the season ending tournament. Standings can be found on the EPBBA website.
