

December 30, 2020

To our Membership,

On behalf of everyone in the Brampton Minor Lacrosse Association, I would like to thank you for your patience as we navigated through some unusual times in 2020 and for taking the steps to stay safe during this pandemic. We have endured a year like no other in cancellation of programs, school as we knew it, going places with friends and family and travel.

With the cancellation of the 150<sup>th</sup> year of Brampton Excelsior Lacrosse Club and some festivities that were planned we had to pivot like many and cancel the season but were fortunate to get some training sessions in throughout the summer and in the fall at Memorial arena in our inaugural Brampton Excelsior Academy. We have recently had some changes to our Executive team and have had a few members step back who will be deeply missed and had others step up as we plan for a 2021 season. Our Executive team will be working to ensure a 2021 season if approved will be a memorable one as re-engage with our current members and look to introduce and welcome new members to our family.

Stay tuned to our social media posts on Instagram, Facebook and Twitter, our website and see what initiatives are approaching as we look towards a safe and healthy 2021 season!

We would like to thank all our volunteers, timekeepers, coaches, referees, conveners, players, parents and our Executive for their patience as we navigate changes as to the new normal and support us unconditionally. We are all proud of our history, our organization, our alumni and our members and wish all a safe and Happy New Year.

Yours sincerely,

*Chris Lowe*
