

Haverhill Travel Basketball

COVID Procedures & Protocols

Our Haverhill Travel Basketball Program will continue to follow COVID protocols outlined by the CDC and the NH Guidelines.

- Separate entrances and exits for all facilities with games and our skill development practices.
- Temperature checks will be taken prior to entry for games entry per the league and facility where games are being played. Any players, coaches or spectators with a temperature above 100.0 will not be allowed admittance into the facility. HTB will not be taking temperatures before our skill development practice.
- Upon entering each facility, you are confirming that your child or no one is experiencing any of the following symptoms. Fever, respiratory symptoms such as runny nose, sore throat, or shortness of breath. Not experiencing any flu like symptoms such as muscle aches, chills, or severe fatigue.
- In addition, if you answer yes to any of the below questions, please contact HTB and your child will not be able to attend practice or games until you speak to organization leadership.
 - Have you or anyone in your household confirmed positive for COVID-19 in the last 30 days?
 - Are you or anyone in your household awaiting COVID-19 test results due to potential exposure to the virus?
 - Do you have COVID-19 symptoms: a fever of 100.0 or higher, difficulty breathing, headache, sore throat, nausea?
 - Have you been asked to quarantine by a doctor or health official within the last 14 days?
- For skills practice, we will be taking attendance of all players for potential contact tracing and communication to families.

For league games and skills practices:

- Coaches, players, and spectators are required to wear a mask upon entering all facilities for games and skills practice. Players have the option to not wear a mask while playing in a game or at our skills practice.
- Players will be required to wear a mask while sitting on the bench during games.
- Players will be required to sanitize upon entering/exiting skills practice.

- Once the practice or game has ended teams and spectators must immediately round up belongings and head outside. Coaches will be required to exit with their entire team together.
- We will be following the same exit process for skills practice as we did for tryouts from the side of the Plaistow YMCA, unless directed otherwise by the facility.
- In facilities where allowed, 1 parent/spectator will be allowed to watch games. Do not bring siblings to attend league games. Parents attending must wear a mask and remain 6ft apart.
- As the season progresses updates or changes may be made in regards to HTB protocols and league play.

While precautions are being taken to help prevent the spread of COVID, there is still the possibility that players or coaches can still contract the virus.

We will continue to follow all Guidelines in regards to COVID. Please be aware that in the event a player does test positive, the entire team may in fact have to quarantine in addition to the player. This may also apply to the team played in a league game as well. We will notify teams in the event this does occur.

If you travel outside an approved low risk state (or out of the US) you are required to quarantine for 14 days after your arrival regardless if you test negative or not. This includes no games, practices, or any other HTB activities.
