COVID-19 Response

Operational Plan & Return to Play Guidelines

UPDATED: August 20, 2020

Introduction

Oregon Valley Futbol Alliance (OVF Alliance) is prepared to launch the following Return to Play (RTP) guidelines for youth soccer activities. Our full-time staff and contracted coaches have received training on these protocols, and are prepared to follow this RTP plan. Additionally, we will have an on-site COVID-19 Response Coordinator at all club activities.

Boys COVID-19 Response Coordinator	Girls COVID-19 Response Coordinator
Rachel Lasselle rlasselle@ovfalliance.com 541-207-7129 (cell)	Libby Tenbusch ltenbusch@ovfalliance.com 503-703-2752

For all youth soccer activities, OVF Alliance will comply with Oregon Youth Soccer Association (OYSA) guidelines and recommendations as well as federal, state, and local regulations. If these OYSA guidelines and recommendations and/or federal, state, and local regulations are more strict than the guidelines outlined in this document, the OYSA and/or federal, state, and local guidelines will take precedence.

During the uncertain and unpredictable times of COVID-19, safety is paramount for all our OVF Alliance athletes, coaches, administrators, families, and community. To ensure our club's safe

OVFAlliance.com | PO Box 1354 Albany, OR 97321
Federal EIN: 93-1244205 - *A Recognized 501(c)(3) Nonprofit*

return to sport. The guidelines contained here-in take a phased approach to RTP. It is recognized that these phases are fluid, and at times OVF Alliance may at any time need to go back a phase or return to Phase 1 as conditions at the local and state level dictate.

Reporting & Response

In the case that a player or coach is found COVID positive, the player or coach agrees to submit to the following process and cooperate as necessary:

- Contact the OVF Alliance COVID-19 Response Coordinator (CRC) immediately
- CRC will contact Linn County/OYSA/HHS
 - *In the event that the player/coach resides outside of Linn County, the CRC will also contact the appropriate authorities in the county of residence.*
- Players within the cohort or team(s) of the player/coach will be contacted and asked to self quarantine for 14 days.
 - *No member of the team(s) (player or coach) will be allowed to return to club activities until this 14-day quarantine period is complete.*

Return to Play Phases

Phase 1

Individual Training and E-Learning

Timeline: March 10, 2020 - June 7, 2020

Overview: During this period, OVF Alliance teams, players, and coaches will continue to adhere to social distancing best practices. Players and coaches will not be permitted to train together as part of OVF Alliance, and are encouraged to follow all state and local guidelines related to social distancing. Following these guidelines while away from the fields will help contain the spread of COVID-19 and speed up the timeline for our teams to RTP.

OVFAlliance.com | PO Box 1354 Albany, OR 97321
Federal EIN: 93-1244205 - *A Recognized 501(c)(3) Nonprofit*

During this time, the club will provide daily e-learning opportunities for players to continue training and learning on their own. Additionally, the club and team coaches will be in regular communication with players and families to stay engaged and keep them updated on developments regarding RTP.

Phase 2

Isolated Group Training; No Contact

Timeline: Starts June 8, 2020; All groups/teams re-starting training will begin in this phase for a minimum of two weeks (or longer if mandated by state regulations) as players and coaches adjust to new regulations, work back to fitness safely, and create an environment where we can effectively assess all players' health status prior to beginning contact activities.

Overview: During Phase 2, players and coaches are allowed to train in isolated groups, engaging in activities that require no contact between players and allow for the maintenance of safe social distances (min. 6ft).

Phase 2 Protocols and Regulations

- Training groups will be limited to 25 (maximum 23 players; 2 coaches), and will not interact or participate in shared training activities with other training groups.
 - All training groups will be assigned a designated training area, and no player or coach should enter another groups' designated training area.
 - All planned activities will limit the sharing of equipment between players, and should allow for 6ft of social distancing at all times - NO CONTACT between any players or coaches
 - A 20yd buffer zone should exist at all times between training groups.
 - Team huddles are not permitted, and coaching should be done with players in a dispersed manner that allows for 6ft of social distancing
 - If a coach is responsible for coaching multiple training groups, he or she will sanitize hands between sessions to limit cross exposure between groups
 - Players or coaches who are sick should not attend training
- Coaches will be required to wear face masks at all times; Players will be required to wear a facemask while entering and exiting the facility. Players are not required to wear masks

OVFAlliance.com | PO Box 1354 Albany, OR 97321
Federal EIN: 93-1244205 - *A Recognized 501(c)(3) Nonprofit*

while participating in training activities as long as 6-foot social distances are consistently maintained, but may choose to do so. If 6-foot social distances cannot be maintained, a mask will be required.

- Access to training facilities will be limited in the following ways:
 - No spectators will be allowed.
 - To limit crowds parents/guardians are required to stay in vehicles away from the fields after dropping players off. If a parent/guardian must temporarily enter the facility for any reason, a face mask must be worn during the entire duration of their time within the facility.
 - Coaches, players, and parents are not allowed on any facility infrastructure such as bleachers or benches.
 - At “open space” facilities such as LBCC and Crystal Lake, players may enter from any location but are asked to immediately proceed to their designated training area and check in with his/her team coach without infringing on any other designated training areas.
 - At “closed space” facilities such as SAHS, WAHS, CHS, or CVHS, as designated entry point and exit point will be established at each facility to maintain one-way traffic in and out of the facility. Players should enter the designated entry point and immediately proceed to their designated training area and check in with his/her team coach without infringing on any other designated training areas.
 - At the conclusion of training, all players should proceed immediately to their vehicles through designated exit points. To limit contamination coaches will be responsible for picking up all team gear such as cones.
- All players are required to check in with their team coach upon arriving at the facility. Coaches will keep a written attendance record for each training session. Upon arriving, players will be asked the following questions. If the answer to any of these questions is “yes” the player will be sent home immediately and not allowed to participate. The CRC will also be notified by the team coach of a potential exposure to COVID-19:
 - Have you experienced any coughing, shortness of breath, or fever in the last 24 hours?
 - Have you had any contact or exposure to anyone with a potential or confirmed case of COVID-19?

OVFAlliance.com | PO Box 1354 Albany, OR 97321
Federal EIN: 93-1244205 - A Recognized 501(c)(3) Nonprofit

- After checking in with his/her team coach, each player will be required to use hand sanitizer before taking the field. Players are also asked to wash their hands prior to coming to training, and to use hand sanitizer immediately upon leaving training.
- To limit high touch and contamination areas, all bathroom facilities at all field locations will be closed for player, coach, and family use. Individuals will plan ahead prior to coming to training and use at home facilities as necessary.
- To limit contamination the following policies related to gear will be in place:
 - All players will bring their own ball to practice; if a ball is shared between players during an activity, no player except the player who the ball belongs to will use their hands to control the ball (feet only)
 - All players will bring their own water bottle to training and will not share with others.
 - All players will bring hand sanitizer to training and will use it as dictated in these protocols; Coaches will also be equipped with hand sanitizer as a back-up source.
 - Coaches will be responsible for setting out all team equipment (cones, goals, etc.)
 - All players will wear approved navy blue OVF Alliance training tops to limit the need for bibs/pinnies to designate small-sided groups
 - Coaches are encouraged to design activities that DO NOT require the use of bibs/pinnies to designate teams. IF bibs/pinnies are used, only one player will be allowed to use that bib/pinnie during said training session, and all bibs/pinnies must be washed between sessions before they can be used again.
- All players will be required to have a signed waiver on file with the club stating their understanding of these protocols and regulations as well as their acceptance of the risks of participation prior to playing in any training session.

Club Responsibilities

- Designated CRC's as a central contact.
- Provide proper field space to meet distancing rules.
- Provide entrance and exit protocol for all facilities.
- Equip all coaches with necessary supplies:

Coach Responsibilities

- Monitor personal health and hygiene; stay home if feeling sick.
- Follow all protocols related to health and safety, including social distancing.
- Enforce rules and guidelines with players.
- Wear a mask.

Phase 3

Isolated Group Training w/ Contact

Timeline: Phase 3 sessions may be started following a minimum of two weeks of Phase 2 activities; Will be timed based on club-readiness and dependent on approval from Linn County authorities in compliance with state and local guidelines

Overview: During Phase 3, players and coaches are allowed to train in larger isolated groups. Players can begin engaging in training activities that include limited physical contact while still maintaining social distancing best practices when not directly engaged in a training activity. If 6 feet social distances cannot be maintained or physical contact is required within a session, a mask must be worn by all participants at all times. Individuals and training groups still are not allowed to engage with other designated training groups at this time.

Phase 3 Protocols and Regulations

- Training groups will be limited to 35, and will not interact or participate in shared training activities with other training groups.
 - All training groups will be assigned a designated training area, and no player or coach should enter another groups' designated training area.
 - All planned activities will limit the sharing of equipment between players. Physical contact between players is now permitted, but social distancing best practices should still be maintained when not directly engaged in a training activity.
 - When engaged in training activities that require physical contact, hand sanitizer will be used at every stoppage by all players and staff immediately, and before touching any other items (water bottles, personal bags, etc.
 - A 20yd buffer zone should exist at all times between training groups.
 - Team huddles are not permitted, and coaching should be done with players in a dispersed manner that allows for 6ft of social distancing
 - If a coach is responsible for coaching multiple training groups, he or she will sanitize hands between sessions to limit cross exposure between groups
 - Players or coaches who are sick should not attend training
- Coaches will be required to wear face masks at all times; Players will be required to wear a facemask while entering and exiting the facility. Players are not required to wear masks

Phase 4

Restriction Free w/ Social Distancing

Timeline: Tentative Start Date TBD

Overview: During Phase 4, players and coaches may be allowed to train in larger groups as allowed by state and local regulations. Players can engage in training activities that include physical contact while still maintaining social distancing best practices when not directly engaged in a training activity. Additionally, training groups may at times train together for activities such as scrimmages provided that numbers don't exceed state and local guidelines. Depending on state and local guidelines, games may also be reintroduced at this time. These protocols and regulations should be followed until the time a vaccine is developed to protect players and coaches in lieu of social distancing.

Phase 4 Protocols and Regulations

- Training group size will be limited only by state and local regulations.
 - Training groups will be assigned a designated training area, but may choose to work in tandem with other training groups in line with state and local regulations.
 - All planned activities should still limit the sharing of equipment between players. Physical contact between players is permitted, but social distancing best practices should still be maintained when not directly engaged in a training activity.
 - When engaged in training activities that require physical contact, hand sanitizer will be used at every stoppage by all players and staff immediately, and before touching any other items (water bottles, personal bags, etc.
 - Team huddles are discouraged, and coaching should be done with players in a dispersed manner that allows for 6ft of social distancing
 - If a coach is responsible for coaching multiple training groups, he or she will sanitize hands between sessions to limit cross exposure between groups
 - Players or coaches who are sick should not attend training
- Coaches will be required to wear face masks at all times; Players will be required to wear a facemask while entering and exiting the facility. Players are not required to wear masks while participating in non-contact training activities as long as 6-foot social distances are

OVFAlliance.com | PO Box 1354 Albany, OR 97321

consistently maintained, but may choose to do so. If 6 feet social distances cannot be maintained or physical contact is required within a session, a mask must be worn by all participants at all times.

- Access to training facilities will be limited in the following ways:
 - No spectators will be allowed.
 - To limit crowds parents/guardians are required to stay in vehicles away from the fields after dropping players off. If a parent/guardian must temporarily enter the facility for any reason, a face mask must be worn during the entire duration of their time within the facility.
 - Coaches, players, and parents are not allowed on any facility infrastructure such as bleachers or benches.
 - At “open space” facilities such as LBCC and Crystal Lake, players may enter from any location but are asked to immediately proceed to their designated training area and check in with his/her team coach without infringing on any other designated training areas.
 - At “closed space” facilities such as SAHS, WAHS, CHS, or CVHS, as designated entry point and exit point will be established at each facility to maintain one-way traffic in and out of the facility. Players should enter the designated entry point and immediately proceed to their designated training area and check in with his/her team coach without infringing on any other designated training areas.
 - At the conclusion of training, all players should proceed immediately to their vehicles through designated exit points.
- All players are required to check in with their team coach upon arriving at the facility. Coaches will keep a written attendance record for each training session. Upon arriving, players will be asked the following questions. If the answer to any of these questions is “yes” the player will be sent home immediately and not allowed to participate. The CRC will also be notified by the team coach of a potential exposure to COVID-19:
 - Have you experienced any coughing, shortness of breath, or fever in the last 24 hours?
 - Have you had any contact or exposure to anyone with a potential or confirmed case of COVID-19?
- After checking in with his/her team coach, each player will be required to use hand sanitizer before taking the field. Players are also asked to wash their hands prior to coming to training, and to use hand sanitizer immediately upon leaving training.

OVFAlliance.com | PO Box 1354 Albany, OR 97321
Federal EIN: 93-1244205 - A Recognized 501(c)(3) Nonprofit

- Dependent on the facility and the authorization of the facility owner, bathroom facilities at all field locations may be open for use. However, individuals should still plan ahead prior to coming to training and use at home facilities as necessary.
- To limit contamination the following policies related to gear will be in place:
 - All players will bring their own ball to practice; if a ball is shared between players during an activity, no player except the player who the ball belongs to will use their hands to control the ball (feet only). *Exceptions in place for goalkeepers.*
 - All players will bring their own water bottle to training and will not share with others.
 - All players will bring hand sanitizer to training and will use it as dictated in these protocols; Coaches will also be equipped with hand sanitizer as a back-up source.
 - Players may now help set out and pick up all team equipment (cones, goals, etc.)
 - All players will wear approved navy blue OVF Alliance training tops to limit the need for bibs/pinnies to designate small-sided groups
 - If bibs/pinnies are used, only one player will be allowed to use that bib/pinnie during said training session, and all bibs/pinnies must be washed between sessions before they can be used again.
- All players will be required to have a signed waiver on file with the club stating their understanding of these protocols and regulations as well as their acceptance of the risks of participation prior to playing in any training session.
