Burns Little League

Parents,

An email was sent by Little League International (LLI) earlier today regarding the temporary delay to the 2020 baseball and softball season due to the COVID-19 pandemic. They are now recommending that all Little League activities begin no earlier than May 11th.

Burns Little League along with the other leagues in District 9 are currently discussing these recommendations and are working towards a solution to play this season. LLI is working through all possible scenarios for tournament play and tournament eligibility for all leagues and players in their various divisions of play in conjunction with the COVID-19 situation.

Burns Little League Board Members are dedicated to ensuring the safety of your child along with finding workable solutions for them to also participate in playing ball this season. We will be waiting on LLI to provide further guidance on how leagues can operate a modified season extending the season into the summer and fall and will use that information to determine the next steps in the process within our district.

We will continue to share information as it becomes available.

Thank you for your continued support of Burns Little League.

Respectfully,

Terry Malone, President

Burns Little League
