Recommended Skating Attire

Make sure skates are tied securely and snug at the ankle. Have blades sharpened once a series.

Helmets are optional but strongly recommended. Helmet with the cage is a beginners best option.

Jackets should allow for easy mobility. Layering is the best option. (undershirt, long sleeves shirt, and a fleece)

Make sure gloves or mittens fit properly and are waterproof.

Pants need to allow free movement and in the beginning levels offer some padding. Snow pants are a good option for starters, as the skater passes through the levels make the move to a lighter more playful pant.
