Ringgold Hockey Association Locker Room Policy

In addition to the development of our hockey players and enjoyment of the sport of hockey, the safety and protection of our participants is central to Ringgold Hockey Association (RHA) goals. RHA adheres to USA Hockey's SafeSport Program (www.training.safesport.org) as a means to help protect its participants from physical abuse, sexual abuse and other types of misconduct, including emotional abuse, bullying, threats, harassment and hazing. To help prevent abuse or misconduct from occurring in our locker rooms, RHA has adopted the following locker room policy. This policy is designed to maintain personal privacy as well as to reduce the risk of misconduct in locker rooms. At Rostraver Ice Garden there are 4 primary locker rooms available for our program's use (in addition to Referee Locker Rooms). Each of the locker rooms has a restroom and shower area. Some teams in our program may also occasionally or regularly travel to play games at other arenas, and those locker rooms, rest rooms and shower facilities will vary from location to location. RHA team managers will attempt to provide information on the locker room facilities in advance of games away from our home arena.

Locker Room Monitoring

RHA has predictable and limited use of locker rooms and changing areas (e.g., generally 60 minutes before and following practices and games). This allows for direct and regular monitoring of locker room areas. While constant monitoring inside of locker rooms and changing areas might be the most effective way to prevent problems, we understand that this would likely make some players uncomfortable and may even place our staff at risk for unwarranted suspicion. In general, the first parent to arrive at a rink should conduct a sweep of the locker rooms and changing areas before players arrive, and if the coaches are not inside the locker rooms, either a coach or voluntary locker room monitor (each of which has (and must) been screened) will be posted directly outside of the locker rooms and changing areas during periods of use, and leave the doors open only when adequate privacy is still possible, so that only participants (coaches and players), approved team personnel and family members are permitted in the locker room. Team personnel will also secure the locker room appropriately during times when the team is on the ice.

Parents in Locker Rooms

Except for players at the younger age groups (Middle School or Developmental), we discourage parents from entering locker rooms unless it is truly necessary. If a player needs assistance with his or her uniform or gear, if the player is or may be injured, or a player's disability warrants assistance, then we ask that parents let the coach know beforehand that he or she will be helping the player. Naturally, with

our youngest age groups it is necessary for parents to assist the players getting dressed. We encourage parents to teach their players as young as possible how to get dressed so that players will learn as early as possible how to get dressed independently. In circumstances where parents are permitted in the locker room, coaches are permitted to ask that the parents leave for a short time before the game and for a short time after the game so that the coaches may address the players. As players get older, the coach may in his or her discretion prohibit parents from a locker room.

Mixed Gender Teams

Some of our teams may consist of both male and female players. It is important that the privacy rights of all of our players are given consideration and appropriate arrangements made. Where possible, RHA will have the male and female players dress/undress in separate locker rooms, or areas, and then convene in a single locker room before the game or team meeting. Once the game or practice is finished, the players may come to one locker room for a team meeting and then the male and female players proceed to their separate locker rooms to undress and shower, if available. If separate locker rooms are not available, then the players will take turns using the locker room to change. We understand that these arrangements may require that players arrive earlier or leave later to dress, but believe that this is the most reasonable way to accommodate and respect all of our players.

Cell Phones and Other Mobile Recording Devices

Cell phones and other mobile devices with recording capabilities, including voice recording, still cameras and video cameras, are not permitted to be used in the locker rooms. If phones or other mobile devices must be used, they should be taken outside of the locker room. If needed, a team can designate a volunteer to collect all devices and return them to their respective owners upon exiting the locker room.

Prohibited Conduct and Reporting

RHA prohibits all types of physical abuse, sexual abuse, emotional abuse, bullying, threats, harassment and hazing, all as described in the USA Hockey SafeSport Handbook. Participants, employees or volunteers in RHA may be subject to disciplinary action for violation of the Travel Policies or for engaging in any misconduct or abuse or that violates the USA Hockey SafeSport Policies. Reports of any actual or suspected violations, you may email USA Hockey at SafeSport@usahockey.org or may call 1-800-888-4656. An additional point of contact at RHA is any member of the board of directors and more specifically the RHA SafeSport Coordinator.
