“EDUCATION THROUGH SPORT”

Friday, December 11, 2020

Additional Public Health Measures recently announced and the recent increase in COVID cases in all Regina school division schools have precipitated in member school divisions making a decision, that is supported by RHSAA, regarding winter extracurricular sports programs. This decision follows Saskatchewan Ministry of Education and the Saskatchewan Health Authority’s recommendations relating to student and staff safety.

- Winter sports will continue to be delayed until February 2021. **More direction will be provided at the beginning of February. Once decisions have been finalized, RHSAA will inform all concerned parties.**

RHSAA school divisions are recommending that questions or concerns from parents, students or employees first be referred to vice-principals or principals, and finally to division offices.

Regina school divisions and the RHSAA continue to provide full support to schools, administrators, teachers, coaches, officials, volunteers, and, most importantly, their student athletes when they are able to begin a safe return to ‘Education Through Sport’. The RHSAA will work with the Saskatchewan Health Authority, the SHSAA, Regina school divisions and senior administrations to ensure this occurs.

The RHSAA represents Regina Catholic Schools, Regina Public Schools, Luther College, Huda School, Laval Ecole, Regina Christian School and Harvest City Christian Academy. Please refer to their websites for how they will be responding to the provision of athletics during COVID-19.

We thank you for your continued patience, understanding, good will and tireless work on behalf of Regina’s high school student athletes.

Aaron Anderson
RHSAA Commissioner
