

AAU Ice Hockey

August 1, 2020

Season 12 - Edition 1

AAU Ice Hockey - Our 12th Season (2020-2021)

Normally our August edition of this newsletter would be to announce the start of our new season and try to give our members as much information as possible. Obviously, this is an attempting to get everyone quickly registered as members of AAU, to help get our teams and leagues formed, as well as to begin planning for tournaments.

At one point not too long ago, it did appear that we may have opened our hockey operations pretty much like normal. However, with the dramatic spikes in the numbers of COVID-19 cases that are occurring within many of our US States (those that have relaxed their restrictions apparently far too early), a normal AAU Ice Hockey season may simply become wishful thinking (certainly within some areas).

Unfortunately, with an ongoing COVID-19 pandemic that is clearly NOT being controlled within the US (and in fact appears to be getting far worse), this certainly can NOT be a typical season.

Therefore, this will NOT be a typical first edition of the season either. Instead lets simply focus upon some questions and answers (at least as best as we can, during such an uncertain time).

⇒ **QUESTION 1: Has the 2020-2021 AAU Ice Hockey season been cancelled? NO.**

- ◆ However, to be completely honest with our members, we currently have no idea whether the season may or may not be cancelled at sometime in the future.
- ◆ **We must all keep in mind that AAU requires that we fully comply with any and all (City, County, State, Provincial and National) restrictions during the COVID-19 pandemic.**
- ◆ In addition, we are also very much dependent upon our local ice rinks and arenas.
- ◆ We could even find that our AAU Ice Hockey programs may begin operations within one State or Province (or even within one County), while not operating at all within another.
- ◆ Therefore, it may be wise for our members to research local operations first, before getting too carried away with planning (such as determining whether our local State and/or County will even permit hockey, will ice rinks be open locally, will any AAU leagues function within our area, etc.).

AAU Leagues, Administrators, as well as Team Coaches and/or Managers are encouraged to submit articles and notices to:

keith@hockey-florida.org

Published quarterly for the benefit and interest of AAU Ice Hockey participants.

Next edition will likely be released Oct. 1st. (possibly earlier if needed)

AAU Ice Hockey - Our 12th Season (2020-2021) - (continued)

⇒ **QUESTION 2: Will our AAU Ice Hockey programs begin operations in a typical fashion? Well here comes a highly unusual answer. "We simply don't know."**

- ◆ As mentioned on the prior page, it is technically possible that within some areas AAU Hockey may begin and function in a somewhat normal fashion, albeit possibly within a more localized setting.
- ◆ Yet functioning as normal, with widespread leagues and tournaments may be questionable, at this present time. We should learn far more as we see the effects of our schools opening.

⇒ **QUESTION 3: Will our AAU League begin operations as normal? AAU Leagues are certainly possible and yet still, possibly NOT within some areas.**

- ◆ Please be aware that at least one of our AAU leagues has already informed us that they have no intention of operating at all during the 2020-2021 season. Of course, they could reassess their operations, if and when matters do improve.
- ◆ Therefore, again we strongly recommend that before any of our members get too carried away with registration, forming teams and making too many plans, they should make contact with their local league to be certain that they intend to operate. Also to learn about their scheduling plans.

⇒ **QUESTION 4: Will there be any AAU Tournaments during the 2020-2021 season? As with Leagues, AAU Tournaments are possible and yet still possibly NOT within some areas.**

- ◆ There are plenty of AAU Tournaments being advertised, almost like a typical season. Yet some are also laying out their refund policies in case their tournament can't take place due to COVID-19.
- ◆ As with concerns over the availability of a local League, it would be prudent to investigate COVID-19 restrictions within the area where you may be considering as a Tournament locale.
- ◆ It may also be prudent to inquire about Refund Policies before sending a Deposit and maybe even delay in sending any deposits to be more certain that a tournament may actually occur.

⇒ **QUESTION 5: Should we quickly obtain our AAU membership during the month of August as usual? Please understand that you may obtain your AAU membership on August 15th or later if you wish. However, there is also no big rush.**

- ◆ The online AAU membership process is rather quick and easy, also Team (Club) membership and even forming a League and/or Tournament. Therefore, it's OK to wait until you are certain that:
 - ◇ your State, Province and/or County will even permit hockey,
 - ◇ local rinks will in fact be open,
 - ◇ local Team, League and/or Tournaments will be available,

Again, please check with your local AAU Hockey League. If available then certainly feel free to get your AAU membership. If NOT available within your area then remember to keep checking back. Things may very well change.

Current Status of AAU Ice Hockey - Leagues Openings

Youth League Plans:

- **Chicago United Hockey League (CUHL)** - Plans to open about like normal (State and Rinks permitting) as about mid-September. However, if not possible in September then a back-up plan is in the works for a condensed-season opening in October or November.
- **Choice - Minnesota Made Hockey** - No current announcement, although 2020-21 registration is open, The state of Minnesota currently allows youth sports with some restrictions.
- **Great Lakes Hockey League** - Plans to open about like normal (State and Rinks permitting). At present, rinks are open.
- **Michigan Amateur Youth Hockey League (MAYHL)** - Plans to open about like normal (State and Rinks permitting). However, at present Michigan rinks within much of the AAU Hockey area are closed and the State has not yet allowed hockey (regions 6 & 8, northern Michigan are open).
- **NE Amateur Hockey League (NEAHL)** - Plans to open about like normal (States and Rinks permitting) with Jamborees beginning in early October. Currently rinks are open in Connecticut, New Hampshire and Vermont. Rhode Island expect to open soon. Massachusetts rinks have opened for practice and skills (no games authorized at this time, coming soon).
- **Ontario Rep Hockey League (ORHL)** - Things are heading in the right direction in Canada. The government is taking things very slowly and monitoring situations very carefully. The ORHL is planning on operating as close to normal as possible. Indoor gatherings has just increased from 10 – 50 people which is a good sign. The one major challenge is the US/Canada border being closed. This will limit cross-border activity for teams until this closure is lifted.
- **St. Louis Hockey League** - Plans to open about like normal (State and Rinks permitting).

Scholastic League Plans:

- **New York Islanders High School Hockey League** - Plans to open about like normal (State and Rinks permitting). Rinks in the area are already partially opened with some restrictions.
- **WNY High School Club Hockey League (WNYHSCHL)** - Plans to open about like normal (State and Rinks permitting) at the normal time around Veterans Day. Currently, WNY area rinks are in fact open and operational.

Junior League Plans:

- **Canadian Premier Junior Hockey League (CPJHL)** - Plans to open about like normal (Province and Rinks permitting). Currently coordinating with public health officials.
- **Western States Hockey League (WSHL)** - Plans to NOT open at all for the 2020-21 season. Although reserving the right to reassess if the COVID-19 environment changes for the better.

Collegiate League Plans:

- **Collegiate Hockey Federation** - No information at this time. Plans being developed.

If AAU Hockey begins within your area then please consider the following

An important question for our AAU members to ask is, “**Can masks help prevent the spread of the coronavirus that causes COVID-19?** **Yes**, face masks combined with other preventive measures, such as frequent hand-washing and social distancing, help slow the spread of the virus.” <https://www.mayoclinic.org/diseases-conditions/coronavirus/in-depth/coronavirus-mask/art-20485449>

While many states and communities have tried using a host of efforts (including; travel bans, shelter in place orders, shutting down businesses), to date the simplest and most effective means of curtailing the spread of COVID-19 has been for people to simply wear a face-mask and social distance whenever you are in public, most especially when indoors.

At publication time for this article, it appears that our 2020-2021 AAU Ice Hockey leagues and tournaments may begin within a somewhat normal fashion.

Assuming that our individual governments do allow our sports programs to operate and our local ice rinks and arenas do open up for business, there are some things that we can do and should do, to end the spread of COVID-19. Thereby assuring that our AAU Hockey programs can remain open, while keeping our kids, families and communities safe.

So why wouldn't we all simply utilize face-masks and social-distancing when ever we're attending our AAU Ice Hockey practices and games?

Frankly, if everyone within the US were to simply begin wearing a mask every time that they leave their homes then the spread of COVID -19 would pretty much end within 3-4 weeks (*author's personal opinion*).

The following are NOT requirements of AAU Hockey. However, these are strongly recommended. Please consider these helpful ideas for operating within the current COVID-19 environment:

- ⇒ ***Non-players and non-coaches should NOT be permitted to enter a dressing-room.*** Parents, siblings, spectators should NOT be permitted into the dressing-rooms at all nor be permitted to congregate around them. Social distance! Obviously, with younger players (if at all possible) it would be advisable that they dress before coming to the facility.
- ⇒ ***All spectators and participants should be wearing protective face-masks during all team functions.*** This means while entering the rinks, the dressing-rooms and even while sitting within the spectator stands. Likely to be required by States & Provinces anyway. Yet if not, still a good idea.
- ⇒ ***All players and coaches should be wearing masks whenever entering dressing-rooms and while on the Players Bench.*** Players should have masks on while dressing and/or lacing up their skates. Then when it's time to put on their helmet, simply remove the cloth-paper mask and replace with their helmet. Likely to be required by States & Provinces anyway. Yet if not, still a good idea.
- ⇒ ***All players would be advised to upgrade and begin wearing a more protective full plastic (polycarbonate) face-shield (rather than a wire-cage) on the bench and ice.*** Of course, wire-

If AAU Hockey begins within your area then please consider the following—(continued)

cage masks would wrongfully permit the exhaling of both large and small particle droplets onto others, while Full-Shields do far more in restricting a players breath from reaching others. In addition, a Full-Shield will protect the player who wears them from having the breath and exhaled particles from others reach their own eyes and nose. Please view the Bauer and CCM models available below.

⇒ **All players should have their own specific water bottle (with their own name on it) and coaches should assure that there is NO sharing of water bottles.** Maybe a good idea anytime.

If we all take these efforts serious then we may be able to enjoy another season of AAU Ice Hockey. Of course, it only takes one person to ruin our AAU Ice Hockey season. One member, family, team or league not taking this serious and we may very well see our entire season come to a screeching halt.

Possible replacements for Wire Face Shields during a time of COVID-19

BAUER

CONCEPT 3 Full Face Shield Visor

Details

<https://www.bauer.com/en-US/hockey-helmets/facial-protection/concept-3-full-face-shield-visor-614879.html>

\$69.99 - \$79.99

Item Number: 614879

Full coverage protection with a clear view. See the puck more clearly with the CONCEPT 3 FULL FACE SHIELD VISOR. Reduce fog-ups with interior anti-fog coating and strategic vent locations. The high-impact polycarbonate shield, complete with an exterior anti-scratch coating, protects against high sticks, flying pucks and head impacts.

CCM

FV1 FULL SHIELD

FV1 Full Face Visor

With a modern look that was designed to improve air flow and offer high-performance anti-scratch coating and anti-fog treatment, the new CCM FV1 Full Face Visor gives players great visibility without compromising performance.

AAU Ice Hockey

2020-2021

Tournament Guide

Please be aware that age classification birth-years for 2019-2020 season are as follows:

rev: 7/31/2020

6U= 2014 (birth-year or later), 7U=2013 (birth-year or later), 8U=2012 (birth-year or later), 9U=2011 (birth-year or later),

10U= 2010 (birth-year or later), 11U=2009 (birth-year or later), 12U=2008 (birth-year or later), 13U=2007 (birth-year or later),

14U=2006 (birth-year or later), 15U=2005 (birth-year or later), 16U=2004 (birth-year or later), 17U=2003 (birth-year or later) and 18U=2002.

COVID-19: Please be aware that due to the ongoing pandemic, there may very well be disruptions to our 2020-2021 ice hockey season. Such disruptions may lead to the cancellation of AAU Hockey licensed events (including Leagues and/or Tournaments) either within limited areas, within specific States or even nation-wide. AAU Hockey does not make any guarantee or promise that any of these Tournaments listed below will actually occur. >

THEREFORE, it is strongly advised that AAU teams should keep themselves well informed about the COVID-19 status within any areas being considered as potential Tournaments locations and make certain that your team are aware of refund policies.
