Billet families are compensated with a \$350/month stipend per player. This stipend is to assist with purchasing the players food and living expenses. Our goal is to find billet families who serve as role models and extended family to these players. The efforts of a billet family make a significant difference in the lives of the young men who have left their homes and families to pursue hockey. It is known that players show dramatic changes in their confidence level, grade point averages, social graces, behavior, work ethic, relationship to others, and so much more. The benefit derived from placing players with billet families is truly immeasurable. Thank you for your interest in joining our Minnesota Moose family!
