2027 Canadian Box Lacrosse Tour Partnership Opportunity

Hello Lacrosse fans of all ages,

I hope this message finds you well.

I am writing to introduce an exciting opportunity to establish a long-term partnership between the Canadian and American box lacrosse communities—one built on player development, cultural exchange, and a shared commitment to growing the game at its highest levels.

Premier Series Lacrosse and the Baltimore Indoor Lacrosse League (B.I.L.L.) are developing the **2027 Canadian Box Lacrosse Tour**, an elite international development program for boys ages **16–19**. Our vision is to bring a select team of American players to **Victoria, British Columbia**, in late August 2027 for a **10-day immersive box lacrosse experience** that showcases the traditions, excellence, and culture of Canadian lacrosse. We are partnering with Victoria Shamrocks Jr. A Head Coach Dave Bremner.

Canada has long been recognized as the world leader in box lacrosse, and we believe there is no better place for young American athletes to learn, compete, and grow than alongside the players, coaches, and organizations that have built that tradition.

Proposed Tour Highlights

The program would include:

- Attendance at the **2027 Minto Cup Championship**, allowing players to experience Canada's premier Junior A championship firsthand.
- Multiple exhibition games against Canadian Junior programs.
- Joint practices and development sessions with Canadian players and coaches.
- Position-specific instruction emphasizing Canadian box lacrosse systems, strategies, and style of play.
- Community engagement and cultural activities.
- Home-stay opportunities with Canadian families to provide an authentic cultural and lacrosse experience.

More than simply playing games, our goal is to immerse participants in the values, traditions, and passion that have made Canadian box lacrosse the standard of excellence.

Building a Long-Term Development Pathway

Our vision extends well beyond a single tour.

We hope to establish an annual exchange that creates meaningful opportunities for American players to return to British Columbia and participate in Junior box lacrosse while building lasting relationships with Canadian clubs, coaches, and communities.

By working together, we can create a developmental pathway that introduces American athletes to the Canadian system and prepares them to compete at progressively higher levels, including Junior, Senior, the Mann Cup, and ultimately the National Lacrosse League.

A True Cross-Border Partnership

We believe this initiative should be mutually beneficial.

While American players gain invaluable experience competing in Canada's premier box lacrosse environment, Canadian organizations will have the opportunity to strengthen relationships with the growing U.S. box lacrosse community, expand the game's reach, and participate in an international player development initiative.

This partnership has the potential to become an annual tradition that benefits players, coaches, officials, families, and communities on both sides of the border while helping grow the sport we all care deeply about.

Looking Ahead

Our long-term vision includes:

- Annual Canadian Box Lacrosse Tours
- Cross-border exhibition series
- Coaching and officiating exchanges
- Player development camps
- Youth and Junior development opportunities
- Educational partnerships
- Increased exposure for Canadian box lacrosse throughout the United States

We believe this initiative represents an exciting opportunity to strengthen the future of box lacrosse through cooperation, shared expertise, and a commitment to developing the next generation of players.

I would greatly appreciate the opportunity to discuss this vision with you and explore how we might work together to make the 2027 Canadian Box Lacrosse Tour a success. I welcome your thoughts, ideas, and guidance as we begin building what we hope will become a lasting partnership.

Thank you for your time and consideration. I look forward to speaking with you soon.

Best Regads,

Larry Fila
