

Starlings South Central, LA

Haley Estrada DREAM GOLD

We've dreamed about this moment
Standing on the Olympic tower
and now in the summer of 2024
the gold could be ours.

We worked so hard
to be the best
trained to finish
above the rest.

On the court we stand, like we're on fire
Dreaming of advancing ever higher!
Serves and spikes, performed with great desire!

Gold, gold, gold is all we aspire!

After every set the gold feels near,
Thanks to our fans with loud and encouraging cheer!

As a team we rise without any fear
It's the gold we want that is clear!

There's the final whistle along with the crowd's roar
This Olympics is ours, we couldn't ask for more!

On the top of the podium our spirits soar
We are the Champions, that's for sure!
