MESSAGE FROM SUNRISE EVENTS, INC.

Welcome to the inaugural SUN LIFE 5150 Cebu! We are glad to bring the Sun Life 5150 triathlon race for the first time here in the City of Naga, Cebu.

We at Sunrise Events Inc. worked closely with our title sponsor Sun Life Financial and other partners to ensure the rules of the race apply in accordance with the rules of the World Triathlon Corporation. You can view the rules from our website: http://sunlife.5150philippines.com/.

A stellar cast of professional athletes will fight this year’s inaugural race. Among the Pros are Sam Betten from Australia, Mitch Robins from Australia, Dan Brown from Australia, Anna Eberhardt from Hungary and Manami Iijima from Guam.

This year, the race will still feature the rolling start for the swim where triathletes are expected to self-seed themselves. The 1.5 swim course is at the iconic Boardwalk in the City of Naga. The 2-loop 40km bike course will traverse from the City of Naga to the Municipality of Minglanilla, up to Talisay City. While the 10km run course will be within the City of Naga.

The Go for Gold Sunrise Sprint will be the sub-category for this year’s race featuring a 750m swim, 20km bike and 5km run – perfect for beginners and triathletes who are coming back to the sport.

"In early times, the place now known as NAGA was abundant with trees locally called “Narra”. The first settlers named the place as “Narra” (derived from the narra trees) and named it in later years to what it is now known as NAGA.

Considered as one of the oldest settlements in the Province of Cebu, Naga became a municipality on June 12, 1829 and has gone through a series of reclassification simultaneous with its healthy economic development as it grows.

The tranquil farming and fishing villages of the natives were raised to a fuss when the Spaniards arrived and explored the coal mining in upland barangays. Coal then became the first export product of the town, as the Spaniards mined and sent them to Spain. Second to coal was cement product.

The mining industry undeniably triggered the successful industrial development of Naga. As the years progressed, quite a number of manufacturing companies and other industries flourished in the place and eventually makes Naga as one of the industrialized locality in Cebu at present.

More information about the different activities can be found on our website: http://sunlife.5150philippines.com

ATHLETE REGISTRATION/CHECK-IN

Check-In for all athletes participating in the Sun Life 5150 will take place at the Basketball Covered Court near The Boardwalk, City of Naga on the following days and times:

- 2.00pm – 5.30pm Friday 26 April
- 8.00am – 3.00pm Saturday 27 April
- 6.00pm – 8.00pm Saturday 27 April*

*Athlete Late Check-In Service with a 100USD Fee

It is compulsory for all athletes (including all Relay Team members) to Check-In during these times. There will be a late check-in on Saturday, April 27 at 6.00pm – 8.00pm with a fine of $100. No athlete will be able to Check-In after 8.00pm on Saturday 27 April 2019.

You are required to show photo identification to register – i.e. Driver’s License, Passport or any government-issued ID.

Please do not take your bike into the Check-In venue as this congests the area and makes it dangerous for other athletes. Bike racks will be locate at the boardwalk. Please allow time for delays when making travel arrangements.

Relay Teams Check-In

All Relay Team members are required to Check-In together at the same time to confirm their personal information (including medical), sign their waiver and collect their race items. A Relay Team member cannot sign a waiver on another member’s behalf. For more information please view our Relay Teams Page under the Athletes tab on the website. If you have any issues regarding checking in, please email sunlife@5150philippines.com.

It is important that all Relay Team information is amended and up-to-date at completion of Check-In. Please note, whilst changes to Relay Team members are allowed, there must be at least one existing Relay Team member from the time of registration.

During Check-In, athletes will receive the following:

- ID wristband (this will be secured to your wrist during Check-In and will need to be worn throughout the weekend and to the end of the race, even at the after party.)
- Race bib (compulsory on run leg only)
- Swim cap (compulsory) colour based on swim zone
- Helmet sticker (placed on the front of the helmet)
- Bike seat post sticker (to wrap around the seat post of your bike and stick to itself)
- Bike Pump sticker
- Body Tattoos (race number to be placed on right upper arm and letter category to be placed on right calf)
- Bike and Run bags
- Street gear bag
- Sponsor promotional items

ID Wristband

Your ID wristband must be worn at all times, as this will be your entry to ‘athlete only restricted areas.’ This is your only means of entry to Transition to rack your bike pre-race and to collect your gear and bike after the race. The organizers will not allow access into these areas without athletes wearing their wristband. Your ID wristband is colour coded – Silver for Pro
Athletes and Asian Elite, **Yellow** for AG and **Green** for Relay.

**Timing Info**
You will collect your Timing Chip and confirm your identity with the timing personnel during Bike Check-In at Transition 1. At this stage you will confirm your personal information and ensure that your race number matches your timing chip. Please ensure you put it in a safe place and remember to have it with you on race morning.

- Timing Chips must be worn on your left ankle.
- On race morning, your timing chip must be **worn or brought** to enter Transition. Officials will be checking this **together with your helmet**.
- If you do not start the race or pull out of the race for any reason you are to return the Timing Chip to the Race Information Booth at the Basketball Covered Court near the Boardwalk or Transition Manager.
- If your Timing Chip is not returned or is lost you will be charged $150 for a replacement.
- Timing results will include swim split, bike split, run split and finish time—overall and category results.

If timing chips are not worn throughout the duration of the race, race results will not be available to that athlete.

If a timing chip is lost during the race, the athlete needs to inform an official in Transition, so that officials can do their best to replace that chip in order to record splits for the rest of the race. It is recommended you wear the strap supplied with the timing chip, using an alternative puts you at risk of losing the chip during the race.

**Withdrawal & Timing Chip Return**
If you withdraw from the race at any time (pre or during), please inform the organizers via the Race Information Booth at the Basketball Covered Court near the Boardwalk or Transition Manager. It is the athlete’s responsibility to return their timing chip. If you fail to return your timing chip, a $150 replacement charge applies. It is extremely important for all timing chips to be returned to ensure all athletes are accounted for across the event.
RACE DAY SERVICES

MEDICAL
Your safety is of utmost importance to us. If you are unsure about your ability to complete the race or are not feeling physically fit in the lead up to the event, it is highly recommended that you seek medical advice from your doctor.

Basic first aid is available throughout the event. If you require medical attention we recommend that you visit our Information Desk or seek the assistance of event personnel.

Medical staff will be situated in a variety of positions on race day. These locations are as follows:
- Swim Start
- Swim Exit
- Transition
- Roaming Bike & Run Course
- Finish & Recovery

Basic first aid support can also be obtained at the Bike and Run Aid Stations.

It is strongly advised that you have adequate personal insurance for this event.

SAG WAGON
The Sag Wagon will collect athletes who are unable to complete the event, or are unable to finish within the course cut-off time. Collected athletes will be transported to the closest Aid Station or back to Transition/Finish Line.

Should you require a Sag Wagon at any time, please wave down a motorbike official and they will contact the organizers for Sag Wagon deployment. Alternatively advise volunteers at the nearest Aid Station or any Medical Station.

Please note delays in Sag Wagon transport are expected. To assist with a prompt response, please do not move from your reported location once a Sag Wagon has been requested as this could affect their ability to locate and transport you.

SWIM SAFETY
There will be a large number of water safety personnel and craft on the water pre and during the swim. The water safety team is there to support you should you require. They will be resourced with an array of Rescue Boards, Surf Ski’s, Jet Skis and small boats. At any time should you require the assistance of water safety please raise one arm into the air and they will come to your aid.

Should at any point an athlete decide to abandon the swim, they will be taken to one of the swim extraction points. From here they will be required to confirm their athlete number and be checked over by medical. It is then the athlete’s responsibility to walk back to Transition and hand in their timing chip to the Drop Out Clerk located at the Information Desk.

White swim caps will be available at the stage area of the swim start on race morning. Wearing white swim caps alert the swim team that you are a beginner or not a confident swimmer.

BIKE MECHANICS
THERE WILL BE OFFICIAL BIKE MECHANICS DURING THE RACE WEEKEND. They will be conducting a paid service for ‘minor mechanicals’ during these times. A limited
‘emergency service’ will be available inside Transition during Bike Check In on race morning for athletes.

During the race, mechanics will be circulating around the bike course. They will provide basic tools and spares enabling athletes to conduct repairs. Athletes should be aware that MECHANICS AND TOOLS WILL BE LIMITED and spare wheels will not be available from mechanics.

**LOST AND FOUND**

Lost and Found will be at the Event Information Desk during race week and on race day. Please check the schedule of events for Event Information Desk hours and location. After the conclusion of the event, please email sunlife@5150philippines.com to locate any missing items and schedule returns. Shipping fees will apply. All unclaimed items will be donated to charity within 30 days.
TRANSITION

TRANSITION PROCEDURE
Transition opens at 5.00am and closes 6.15am on race day.

TRANSITION 1 (Swim to Bike)
From swim exit at the Boardwalk, participants will run towards their designated bike racks for Transition 1. Participants will grab their bikes and mount outside the Transition area to start the bike leg portion of the course.

TRANSITION 2 (Bike to Run)
As you dismount your bike in the Bike Finish Chute, you are responsible for taking your bike to your numbered racking within Transition and racking the bike up correctly. Your helmet must remain on and secured until your bike is racked. Failure to do so may result in disqualification.

Athletes are able to equip themselves for the run leg at their allocated bike rack location.

Upon exiting Transition, athletes will pass the Transition Aid Station and Penalty Tents before heading to the run course.

For more information on Transition Rules, please visit the website: http://sunlife.5150philippines.com

Relay TEAM TRANSITION
Relay Team Transition will be open from 5.00am - 6.15am on race day morning for all Relay Members.

Swimmers will exit the water and meet their cyclist at the Relay Tent, inside transition area, handing their timing chip to the cyclist. The cyclist must wait until they are in possession of the timing chip before proceeding to their allocated bike numbered position and un-racking their bike. The timing chip acts as the relay baton, the swimmer must start with the timing chip and the runner must cross the Finish Line wearing this around their left ankle.

Once the swimmer has handed over the timing chip they must leave the Transition area immediately (via the Relay Team’s entry/exit point). Once the cyclist commences their bike leg, the runner is allowed into the Transition area. Please follow directions of all Race Officials and Volunteers.

When the cyclist returns, they will rack their bike back in its allocated numbered position and hand the timing chip to the runner. The cyclist must then leave the Transition area immediately once they have handed the runner their timing chip (via the Relay Team’s entry/exit point).

Be sure to familiarize yourself with the flow of Transition including the Relay Teams entry/exit point and Relay Teams recovery.

Relay Teams will receive their finisher towel and medal upon finishing. If not all members of the Relay Team cross the Finish Line together, then the runner may pick up their Relay Team members medals and towels.

BIKE CHECK-IN

The Transition Area will be located at the City of Naga Boardwalk. Bike racks for athletes will be set out in number order. Please note you MUST finish Athlete Check-In to access Transition for Bike Check-In at the City of Naga Boardwalk.

Timing chips will be handed and issued to you after Athlete Check-In process in the Timing Chip Release Tent.

Your bike MUST be checked into the transition area between 10.00am and 4.00pm ONLY on Saturday April 27, 2019. Your bike must display your seat post sticker and correspond with your ID wristband. If you do not have either of these you will not be allowed in or out of Transition.

Bike Check-In Sequence
1. Photo of athlete and bike
2. Mandatory helmet checks
3. Rack bike
4. Timing chip release

As you enter Transition, you will be asked to advise marshals of your race number. Race marshals will double check this with the name in the system. A photo of athlete and the bike will be taken by the marshal to record the entry of athlete. This photo will be used to counter check the athlete and bike during bike check out.

Your bike must display your seat post sticker and correspond with your ID wristband. If you do not have either of these, you will not be allowed to enter Transition.

Athletes will then walk up to the helmet check station where you will be asked to wear your helmets. Marshalls shall check the integrity of the helmet and if the athlete is wearing it properly.

Athletes will then be guided to their respective bike rows and racks. Facing your assigned numbered bike box, park your bikes to the left of the number.

When you rack your bike on Saturday between 10.00am and 4.00pm please allow plenty of time to walk through the routes that you will take through the Transition area. Make sure you have your timing chip before exiting Transition. As you exit Transition, you will only be allowed back in at 4.00am on race day.

Timing chips will be handed and issued to you after racking your bike, just before exiting Transition.

When you rack your bike on Saturday between 10.00am and 4.00pm please allow plenty of time to walk through the routes that you will take through the Transition area. Make sure you have your timing chip before exiting Transition. As you exit Transition, you will only be allowed back in at 5.00am on race day.

Volunteers will be available for race specific questions and Technical Officials will be available for any queries surrounding rules and regulations.

SWIM COURSE – 1.5KM

Cut off time – 60 minutes from an athlete’s individual start time based on a rolling start.

COURSE DESCRIPTION
The swim course begins with a 200 meter swim heading north then turn right for 200 meters before making a right taking them to the 600 meter part of the course. After making two final right turns they will reach the shoreline and enter transition.

- **Swim Cut-Off** - Each participant will have 60 minutes to complete the swim course. The swim course will close 60 minutes after the last participant crosses the start line in the rolling start. Any participant whose swim time is greater than 60 minutes will be stopped by race officials at any of the following points:
  
  - Swim Exit
  - Transition

- Any participant who exceeds the 60-minute swim cut off will not be allowed to proceed onto the bike and run course and will receive a result of DNF (did not finish). This applies to relay teams and individual participants.

- Race Officials reserve the right to remove participants from the swim course 60 minutes after the final participant enters the water. This applies to relay teams and individual participants.

RACE MORNING WARM UP SWIM

Professional Athletes

Professional Athletes will be able to warm up directly on the side of the start area. The warm up area will be accessible after 6.00am once the Race Director has confirmed it is safe to do so. All Professional Athletes will need to exit the water no later than 6.20am or as advised by the Race Director.

Age Groupers & Relay Teams

Age Group Athletes & Relay Teams will be able to warm up on the side of the start area. No swimming is allowed directly in front of the Start line due to safety reasons. Age Groupers & Relay Teams will be able to warm up from approximately 6:00 am once the Race Director has determined it is safe to do so. They will need to exit the water by 6.20am and be ready in their Swim Pen. Please follow the directions of water safety staff at all times during warm up.

Top 10 Checklist

An open-water swim in a triathlon is substantially different from swimming in a pool. To alleviate stress, it’s important that you arrive on race day healthy, fit and prepared. Here’s a top-10 checklist to help get you ready.

1. Prepare for Race Conditions

- Race day should not be your first open water swim. Make sure some of your training replicates real race conditions, including water temperature, proximity to other swimmers and wearing a wetsuit if needed.

2. Race in Shorter Events

- Being properly trained is the best way to reduce anxiety. If possible, race in shorter events and clinics to prepare yourself for open water conditions.

- For extra guidance, talk to a coach or your local triathlon club.

3. Learn About Course Details

- It’s important to prepare yourself mentally as well as physically prior to race day. Thoroughly review the race website and pre-race communication to familiarize yourself with the course.

- Keep in mind, every body of water is different, so you’ll need to educate yourself on water current and surf conditions.

- Study the event timetable to plan for proper arrival and preparation.

4. Ensure Heart Health

- As an athlete in training, you should take the proper steps to assess your health with your physician.

- If you have any concerns about your heart health, we recommend you consult with your GP prior undertaking the event.

5. Pay Attention to Warning Signs

- If you experience chest pain or discomfort, shortness of breath, light-headedness or blacking out while training, consult your doctor.

6. Don’t Use New Gear on Race Day

- Focus on controlling as much as you can on race day.

- You should never race in equipment you haven’t trained in this is not the time to test new gear.

- Make sure your wetsuit fits properly and that your goggles, swim cap and other accessories work properly.

- Prepare for the unexpected with backups of all your gear.

7. Warm Up on Race Day

- Arrive early enough on race day for a proper warm-up prior to the start, preferably in the water.

- If you are not able to warm up in the water, spend between 5 and 10 minutes getting loose.

- Be sure to do some cardio activity, such as a light jog, to increase circulation and prep your muscles.
8. Check out the Course

- Get comfortable with the course by checking out water conditions, the swim entry and exit layouts along with the turning buoy locations.
- Identify basic navigation points so that you know what you are swimming towards.

9. Start Easy – Relax and Breathe

- Don’t race at maximum effort from the start.
- Relax and focus on proper breathing technique as you settle into a sustainable pace.

10. Be Alert and Ask For Help

- In a race setting always stop at the first sign of a medical problem.
- If you or a fellow athlete needs help, just raise your hand to alert a lifeguard or safety boat.
- Race rules allow for competitors to stop or rest at any time during the swim.
- Feel free to hold on to a static object like a raft, buoy, or dock.
- You may also rest by holding on to a kayak, boat or even a paddleboard. As long as you don’t use it to move forward, you will not face disqualification.
BIKE COURSE – 40KM

Cut off time – 3 hours 30 minutes from the last rolling swim start release. Any participant who does not complete the swim and bike course before the cut-off time will receive a DNF result (did not finish). This applies to relay teams and individual participants.

COURSE DESCRIPTION:
The bike course, participants will exit transition and turn right to Natalio B. Bacalso National Highway and head north at the 10km turn around at South Road Properties in Talisay City. After the first turn around participants will head back for the second turn around just before Naga City sports complex. Participants head back north to complete the third and final turn around in Talisay before heading south to enter transition.

TRAFFIC
Whilst we implement traffic management infrastructure on course, and the roads are closed, there will be vehicular traffic sharing the roads at times. Please exercise vigilance and tolerance if traffic is encountered, particularly at all roundabouts and intersections. Normal road rules apply. Police, traffic controllers, course marshals and event crew will be on course to assist.

RUN COURSE – 10KM

**Cut off time** – each participant will have 5 hours and 30 minutes to complete the entire course (swim, bike and run). Time for each participant will begin as soon as they cross the timing line at the swim start. Course times will be based on each participant’s individual chip time. Any participant who does not complete the race course before the cut-off time in 5 hours and 30 minutes will receive a DNF result (did not finish). This applies to relay teams and individual participants.

**COURSE DESCRIPTION:**
The run course, participants will exit transition and turn left to Natalio B. Bacalso National Highway and head south, making the first turn around at KM 2.5 of the two loop run course. Participants will head back to the sports complex to complete the first loop and make the second turn around. After completing the final turn around at KM 7.5 participants will head back to the sports complex area for the finish line.

**ROAD & PATHWAY TRAFFIC**
Road closures are in place for the duration to minimize the traffic flow on course and to protect the athletes.

Normal road rules apply at all times. Police, traffic controllers and event crew will be on course to patrol and direct PARTICIPANTS.

FINISH LINE

Finish Line Policy
Friends and family members, including children are not permitted in the finish chute or finish area.

There will be a Team Relay Holding Area located outside the St. Francis of Assisi Ocean Park near the Finish Line. Relay Team members can now run together to the finish line.

We ask that all athletes respect the Finish Line area and ensure that celebrations do not interfere with other athlete’s Finish Line experience.

As you cross the line, volunteer catchers will be there to escort you to the secured recovery area. You will be presented with your Finishers Medal and Towel and your timing chip will be removed. These catchers will endeavor to briefly assess you as you proceed and may need to take you directly to the Medical Tent for treatment. If you do not require any treatment you will be able to proceed to the other post finish facilities. Hot and cold food, fruit and drinks will be served within the designated area in Recovery. You will also have access to your Street Gear Bag and have the option of a free massage if desirable.

Unfortunately you will not be able to re-enter Recovery once you have exited so make sure you are comfortable prior to this point. Please remember volunteers and the medical team are there to help you at any time should you require.
