

HHB Members,

My name is Kristi Woodwick and I am declaring my letter of intent to continue as the girls traveling director.

I have been the girls travel director for the previous 2 years and prior to that I was the girls in house director for 2 years. I have coached in HHB for 7 years in the in house program and at the squirts and 10U (boys and girls).

My son is currently a first year peewee and my daughter is playing her second year in 10U with one more to go.

Based on our numbers, I know this coming year will require some additional planning and I will do everything that I can to ensure we set our girls traveling teams to provide an experience to keep the ladies engaged and developing through their hockey journey.

Thank you,  
Kristi
