Working with one another and our community we strive to create an experience that we are all proud of. Thank you for your continued support of our student-athletes as they represent our school with pride. We are excited to see what this season and school year brings for the Andover community. Eric Lehtola
Assistant Principal for
Student Activities

Welcome to Andover High School, the Andover Community Center and the start of the 2024-25 Girls' Hockey Season!

We are again excited for the promise that the new season brings!

The Huskies have enjoyed a lot of success over the past few seasons and these young women have worked hard and are eager to compete in this year's league. The Northwest Suburban Conference (NWSC) is one of the most competitive in the state and we are anticipating another intense season with many tough games yet to be played.

As a reminder, the NWSC is continuing a conference-wide Sportsmanship Program. Our fans, coaches, and athletes will each be evaluated on their level of sportsmanship all season long. These results will be tabulated and comparisons between sports and schools will be made. Sportsmanship is important to us.

Our student-athletes and coaches are dedicated to the continued display of sportsmanship at our school. We have made positive gains in this area, which is great, and we will be proud to have us maintain these high levels of sportsmanship. So, sit back and enjoy a pleasant afternoon or evening in the arena. Let's be great fans and positively support our players and the game itself! Roll 'Skies!

~ Thank you! Eric Lehtola

Druk was invited and had a brief stint with the Fayetteville FireAntz (NC) of the Southern Professional Hockey League (2008), and the Evansville IceMen (IN) of the All-American Hockey League (2009-2010).

Ronnie resides in Andover, and is manager of a car dealership. Other hobbies include classic cars, going to the gym, and being a stand-up citizen to this community!

Coaches

Shannon Kangas - Assistant Coach

Shannon is in her eighth year with the Andover Huskies. She has been involved with hockey since age 7, playing with the boys for many seasons, since girls hockey was not available. She played high school hockey for Inver Grove Heights, where she was a member of the first ever girls team. Shannon was all conference 3 seasons and served as captain for 2. She then went on to play 1 year for Minnesota State University, Mankato.

Prior to coming to Andover, she has spent time coaching girls hockey for Mankato U10 (01-04), Prior Lake High School (07-08) and Hamline University (08-10).

Shannon graduated from Minnesota State University Mankato, with a bachelor's of science degree in electronic engineering technology. Shannon also coaches her oldest daughter's U15 team, youngest daughter's U10 team, and both daughters' numerous sports teams.

Beth Kuehl - Assistant Coach

Beth is in her fourth season with the Andover Huskies. Before she joined the Huskies, she was the head coach of the St. Francis Girls High School hockey team (2012-2015), and assistant coach for St. Francis for two seasons prior to that. She has also coached for many summer programs and camps.

Kuehl graduated from Wayzata High School in 2005 where she was an All-Conference selection, named to the All-Metro team, All-State Honorable Mention, and a Senior Goalie of the Year Finalist. Her team finished 3rd in State her senior year. After high school, she played at Bethel University where she was named to the MIAC All-Rookie team her freshman year, a four-time All-Conference selection, a three-time team MVP, a captain, and an All-American her senior year.

Beth graduated from Bethel with a BA in Education in 2009, and later earned her Masters of Education from St. Mary's University in 2015. She now lives in Andover with her husband and three children. She loves to spend time with her family and friends, and being outside (when it's warm)! Beth also coaches her daughters' U10 and U8 teams.

Prior to starting her coaching career, Claire played all of her youth hockey with the Huskies before joining the varsity team as an eighth grader. Claire graduated in 2018 where she was an All-conference selection, All-state Honorable Mention, and Miss Hockey Semi Finalist. Claire served as team captain for two seasons. After graduation, Claire continued her career at Minnesota State University, Mankato. Claire served as team captain for two seasons and was named MVP in her senior season.

Ella,

I have to tell you I've been dreading this day. I have a lump in my throat as I think about the lasts: homecoming, high school hockey and lacrosse, prom, etc. It's hitting me hard that so many things that make motherhood joyous have been over for a while, too. Carrying you in my arms. Feeding your baby dolls. Playing games. Doing your hair. Watching you dance, play soccer. Your march from little girl to young woman these last 18 years blew by like a slap shot.

Sports have been such a bond for our family. Do you remember learning to skate? Probably not. You were 2 years old, chasing after your brothers on our backyard rink. And so it began playing first mites and then transitioning to the girls program. Undeclared seasons, champions at tournaments, high school state championships. Yes, you've grown my daughter — on the ice and off.

Because hockey's a special game played by special people. A sisterhood like no other. I know by working through many challenges, hockey has helped shape you and your teammates, now lifelong friends, into the terrific young women you are today.

But all around us there were reminders of what really matters. To be healthy. To belong to something larger than yourself. To be able to skate, feel the wind in your face, the rubber hitting your stick. And never taking a day for granted. Not everyone has that opportunity. It's not the wins, losses, points and goals against averages that you remember. It's the friendships. The people. The experiences you shared.

As you know, Ella, hockey's a tough road. Even when you're good enough, getting a shot at playing in college is a huge accomplishment.

I wish you were that little girl again, Ella. Chasing your brothers on our rink and playing knee hockey in the house. Having fun. Skating away from me. Just as you are now.

Pugs-

It is hard to believe you are already a Senior. It feels just like yesterday you were wanting to play football and we talked you into playing hockey. At your first learn-to-skate session we asked if you could stay on the ice for the second session because you started to cry not wanting to get off the ice. We knew from that moment you found your forever sport. Over the past 11 years, we have watched you grow into an amazing hockey player that has provided our family with so many fantastic memories: youth out of town tournaments, national tournaments, state tournaments, and all the practices and games in between. It's wonderful to see such dedication and growth over the years. Your hard work and commitment to the sport truly shines through, and it is inspiring to witness the player and person you have become. Your success and growth have come from your hard work, and that same dedication will be essential as you transition to college at Northeastern. Embrace the challenges ahead, and continue to push yourself to achieve even more! Have an amazing senior season – we are super proud of you!!

Love you, Mom, Dad & Hailey

Maya,

It's hard to believe that this is your senior year. It seems like yesterday when you stepped on the ice for the first time, unsure if you would like the game of hockey, especially having to do it while wearing all of that equipment! You picked it up quickly, and were a true natural. Hockey has enabled you to build lifelong friendships and memories that will last a lifetime. So many amazing accomplishments to celebrate over the past 10 years of playing through youth, club, and high school programs. State Championships, National Championships. Triumph and heartbreak. The incredible lessons you have learned will help carry you as you begin your next journey of playing college hockey at the University of St. Thomas. A dream come true for you.

We are so proud of you Maya. Watching you do what you love has truly been a gift for us. We will miss seeing you in a Husky jersey, yet so excited for this next chapter. We will forever be your biggest cheerleader, and number one fan.

We love you more than you know. Enjoy this season, and take it all in. It will be over in a blink of an eye.

Senior year, how can this be? It feels like just yesterday you were lacing up your skates for the first time, eager to keep up with your big sister. Once you learned to skate, you didn't stop, literally, you just crashed into the end boards. As the years passed your passion and love for hockey grew and we were blessed to be able to experience this ride with you. As you start your senior year, know that we are proud of you and everything that you have accomplished so far in academics and athletics. We know that if you follow your dreams you are capable of anything and can't wait to see what the future has in store for you. Always remember, you are braver than you think, stronger than you believe and loved more than you will ever know. Believe in yourself as much as we believe in you. This year play for the little girl in the picture who fell in love with the game and never looked back!

And thank you for all the life long memories and little moments we shared. I have never been happier with where I am today and none of it could've happened without your endless support. Even when I'm away at college, it will always feel like you're right there cheering me on as loud as possible. I will miss you all so so so much when I'm at college, but I am more than ready to take on this challenge because of you guys. Don't miss me too much, but if you do, you can always get another dog:) Just make sure you bring it with you when you visit! Love you endlessly ♥ -Hanna

GLOSSARY OF TERMS

Assist - Point awarded to a player for helping set up a goal, usually to the last man or two men to handle the puck prior to the goal.

Back Check - Forwards in the enemy zone pick up their checks and skate back quickly to their own end of the ice to protect their goal and keep the opponent from shooting.

Body Check - Slowing or stopping an opponent with the puck by using hip or shoulder (legal).

Blue Line - Encloses the attacking zones on each end of the ice. The puck must precede an attacking player into the zone.

Breakaway - No opponent between the puck carrier and the opposition's goal except the goalie.

Comers - Four curved areas of the hockey rink where a great deal of action takes place.

Crease - The semi-circle in front of the net, approximately four by eight foot in size. A goal is not allowed if any offensive player is within the goal crease.

Clearing The Puck - When the puck is passed or shot away from the front of the net or congested area.

Centering The Puck - When a player passes the puck into the slot area.

Dangle - To make a dusty move.

Deke - A fake by a puck carrier to stickhandle his way around an opponent or to make the goalie move out of position.

Drop Pass - Player moving up the ice with the puck deliberately leaves the puck behind him for a trailing teammate as he continues to skate forward.

Even Strength - When both teams are playing with the same manpower.

Extra Attacker - The player that comes off the bench when a team pulls the goalie.

Hat Trick - Three goals scored by a player in one game.

Sweep Check - To use the entire length of the stick with a sweeping motion while laying it flat on the ice in order to dislodge the puck from the puck carrier.

Wrist Shot - Propelling the puck off the blade of the stick with a flicking motion of the wrist.

Headmanning - Passing the puck ahead to a leading teammate.

Neutral Zone - The central ice area between the defending and attacking zones enclosed by the two blue lines.

Point - A position just inside the opposition's blue line, close to the boards on either side of the rink, usually manned by defensemen when their team is in control of the puck in the opposition's zone.

Face-Off - To start the play at any time, the puck is dropped between two opposing players facing each other. Time starts when the puck is dropped.

Flip Pass - Pass the puck to a teammate by raising it a few inches off the ice and over the blade of the opponent's stick which may be in the way of the pass.

Forecheck - Hustling in the opponent's defensive zone by the forwards who want to keep the puck there and hopefully take it away.

Full Strength - When a team has its full complement of 5 players and 1 goaltender.

Freezing the Puck - Holding the puck against the boards with the stick or skates.

One Timer - When a player on the receiving end of a pass wastes no time setting the puck but instead unleashes a shot.

Poke Check - To dislodge the puck from the puck carrier by stabbing at it with the blade of the stick.

Power Play - The play that occurs when a team has the advantage of an extra man or men because of a penalty to the other club.

Pulling The Goalie - A team that is losing will sometimes take the goaltender off the ice in favor of another forward, most frequently occurs near the end of a game.

Screen Shot - A shot when one or more players are between the shooter and goal, thus blocking the goalie's view of the play.

Shorthanded - When a team is playing with less players than the opposition.

Sin Bin - Another name for the penalty box.

Slap Shot - When a player winds up prior to taking a shot and follows through completely while pivoting off of one skate.

Slot - The area directly in front of the goal from the crease to the top of the face-off circles.

Smothering The Puck - When a goalie or other players fall on the puck and cover it - only legal when done by the goaltender or accidentally by another player.

Snap Shot - A high-powered wrist shot released quickly and unexpectedly to the goaltender.

Stick Handling - Carrying the puck along the ice with the stick.

Splitting The Defense - When a player successfully carries the puck between two defensemen.
