

How to add Jersey numbers to your lineup sheet

Team level administrative processes can only be accessed by team administrators that are properly assigned to a team roster with a username and password.

Login to the Georgia Soccer Affinity registration system using your team level administrative login credential. Your MY ACCOUNT page will present itself.

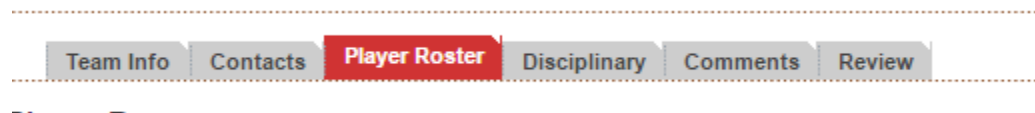

Towards the bottom of this page, select the TEAMS tab and the TOURNAMENT & SCHEDULE APPS tab shown in blue.

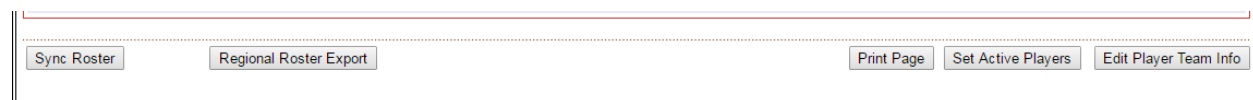

To the right of that page, you will see the below. Please select the VIEW TOURN. APP. Icon.

Tournament / Schedule	Status	Submitted On	View
Fall 2016 Athena & Classic	Final	07-13-2016	▶ View Tourn. App. ▶ Schedules/Game Scoring

The next page will contain team information that was declared for seasonal scheduling. The page will most likely default to the REVIEW tab. Please select the PLAYER ROSTER tab.

AT the bottom of the player roster listing, you will see the below options. Please select EDIT PLAYER TEAM INFO tab.

The following page will present itself. Please enter jersey numbers in the home and away columns, even if the numbers are the same as there will be games where you team is listed as the away team. They system will not save your information if data is not entered into both columns. Position is optional and not required to be entered. Once you enter the jersey numbers, scroll to the bottom of the page and select the SAVE CHANGES tab.

The system will have this information updated within 15 minutes.
