Tryout App - Team Genius - use during tryouts instead of pen and paper. Set up to have the same criteria and scoring system as what is already used. Main benefit is the time it will save the lead evaluator in tabulating all scores.

Annual expense - \$1000

This will fit into the 2021 budget, next year we would likely raise the tryout fee by \$5 per player to cover the cost.

Board had discussion of any questions.
