YOUTH PROGRAMS: What can IHSLL do to build youth programs? There was discussion of aligning 7th and 8th graders to their high school team, as well as bringing 8th graders into the high school program. There will be a meeting for people interested in discussing this prior to Christmas. Britt Cornaby will send out information.

COACHING RESPONSIBILITIES: In light of the recent death of a player in the Boise valley, it is important as coaches to stress the life lessons that lacrosse can teach, and to not always be focused on the winning. Build up your players. Love them. Appreciate them. Make lacrosse their happy place.

Meeting adjourned at 7:30 pm
