13. Building Work -

- LiveBarn requires an agreement before they even will talk to you. We are still interested in finding out about it and what the costs would look like to us.
- To put in the ice we will need to have 3 high pressure sprayer, and floors will need to be cleaned previous to putting ice in.
- Rink Cleaning needs to be done. Can be done at our convenience, stopping in when members have time.
- The benches need to be moved out in front of the bleachers for players to get ready.

14. Ice Maintenance -

- Lowville wants to rent ice from us still and will likely still want an early Saturday morning slot.
- We are hopeful that we will get other rentals from up North.
- Same rules we follow will need to be followed by any ice rentals; i.e.no spectators, clean up protocol, etc
- Who is going to clean, lock up, do ice for rentals?

15. Other Business -

- Hand sanitizers arrived to Shannon Tanner.
- Derrick Goodnough has someone potentially interested in the old Zamboni out back; they want it for the motor but will take the whole thing for the motor. The town would like us to get it out of the yard.
