

I would like to thank everyone as the Host Tournament Directors really did a good job this year. A couple of issues we ran into this year is there were kids who played with a team all season and were not listed on their 1-T; this was true for both Comp and House teams; and this occurred with multiple associations.

Another issue that we ran into was credential books in very poor condition. When a host association is unable to perform a credentials check and calls me; I in turn make a call to Anna or Darryl, the book is challenging. I will be submitting a handbook change for any Credential Book that is in such poor shape, the Association will be fine \$500.00.

Now please keep in mind that I am not in the business to NOT allow kids to play. I will do everything I can so that no one or no team is excluded from playing in a State Tournament. Everyone here at this Board meeting represents an Association and you all need to do a better job with your teams and their credentials preparing them for State Tournaments.

Moving forward, Host Associations for next year:

10UA Grizzlies

12UA Palmer

14UA Mustangs

18UA Tok (this will be the first time Tok has hosted a State Tournament).

Should Tok rink not be ready, Jr. Avalanche will host.

10UB Homer (please note: this will be a 4 day tournament).

12UB Matsu

14UB Hockey Club Fairbanks

18UB Jr Avalanche

10U Major North Stars

10U Minors North Stars

12U Majors Alaska All Stars

12U Minors Alaska All Stars

14U Tier II Valley Thunder

16U Tier II Alaska Wolves

18U Tier II Alaska Wolves

Thank you,

Carol Hammingh
