

Thank you for volunteering to work in the “Snack Shack”

COVID Update:

- State Mask Mandate has been lifted so masks are not required unless you feel more comfortable wearing one you may do that.
- Hand Sanitizer is in the shack and can be put out for guests
- Hand washing station outside the shack

The Snack Shack Committee Member does the following each time the Shack is open:

- Brings 1 – 20 lb of Ice for the Drinks to be put in the GRAY cooler (white coolers are only for large events)
- Brings the Money box
- Unlocks the shack
- If there is a specialty item being sold, they will supply that as well, i.e. Ice Freezes, Gatorade, etc.
- This will be done at or before 5:30

What’s in the Shack for you:

- 2 sling chairs
- Bug spray

Shift Information:

***Due to the committee all having active soccer players you may be asked to pick up the money box, key or ice before your shift, but you would be contacted by email with instructions if necessary, we try to cover each other but have same age players.*

Your shift is **5:30 – 7:30**

If practice is cancelled due to weather the Shack is not open.

5:30 – 6:00 is to set up the Snack Shack (this may mean the time to get ice and the money box if needed per the above)

Binder in the Shack tells you how it works but here are the basics...

- Water/Drinks on Ice
- 2 clear plastic tubs – 1 - \$1.00 items; 1 - \$0.50 items; restock out of the blue large plastic tubs
- Restock items in the tubs as needed
- Put out the black trash can – insert a bag
- Set up the folding table and wipe down

6:00 – 7:00 Hour of Operation

7:00 – 7:30 Clean Up, this includes dropping the money box at the Treasure’s house if needed – 1 person can go do that while the other finishes up (*players may come up and get items after 7:00, if the money box is gone and they have exact amounts put it in the green plastic container*)

Clean-up in the Binder but here are the basics...

- Take all drinks out of the water (it is against our license for anything to stand in water)
- Dump the ice
- Put the cooler upside down to dry
- Make sure ALL TUBS are closed to avoid animals getting in our items
- Empty the trash bag (black trash can) – Trash goes in the dumpster by the porta potties
- LOCK the snack shack when done

***Due to the committee all having active soccer players if one of the members or the treasurer is at the field we may offer to pop by and grab the money but you should plan to drop it off on the Treasurers front porch (address in the book in the Shack and its not far from the field so easy drop.)*

Any questions or feedback for the committee – in the binder there are names and phone numbers of the committee members reach out with any questions.

Thank you for helping us make this first year of the Snack Shack a success!

Jen Waloch

Committee Chair
