

April, 1, 2021

For Immediate release:

The Vegas Junior Golden Knights Hockey Club is proud to announce that Sheri Hudspeth, Owner and Director of Thrive Hockey Youth Development Company, is joining our ranks. She is best known for growing girls' hockey in Pennsylvania with the Johnstown Warriors 12U team -- aka the "Crosby's Girls" -- and will bring that passion and knowledge to our Club as we continue to grow the game here in Las Vegas.

Hudspeth, originally from Toronto, Ontario in Canada, started playing hockey at age four. She turned her love of the game into a NCAA Division 1 full athletic scholarship to Minnesota State University. She played overseas, coached at the College level and has been a leader and entrepreneur in our sport. "We are so fortunate to have Sheri join our Hockey Club and community here in Vegas. Her vibrance and knowledge will benefit the Girls striving to play at the highest level," says Darren Eliot, Executive Director of the Vegas Junior Golden Knights Hockey Club.

With over 30 years of playing and coaching experience, Coach Sheri is excited to join the VJGK Hockey Club to provide leadership and growth to our Girls Hockey Program.

All players and their families are invited to City National Arena on Wednesday, April 14 to meet Sheri as she conducts a free pre-tryout clinic sponsored by the VJGK Hockey Club.
