Mount Clemens Ice Arena to undergo \$3 million in renovations.

MOUNT CLEMENS, Michigan - The Mount Clemens Ice Arena (MCIA) is pleased to announce that it will be undergoing \$3 million in renovations in the summer of 2021. The projects include (but not limited to):

- New ice making compressors
- New roof
- Rubber flooring replacement (where needed)
- Repairs to the parking lot
- New hot water boilers
- Upgrades to the dehumidification system

The Mount Clemens Ice Arena opened its doors in the fall of 1994. The 64,000 sq ft. arena has two NHL Size rinks, full service pro shop, concession stand, gym, and many other amenities. MCIA is home to the Mount Clemens Hockey Club, Metro Jets Hockey Club, Mount Clemens Figure Skating Club, ESE Hockey, MSE Adult Hockey Program, three high school hockey teams and several other groups.

Nick Poliski, General Manager of the MCIA states, “We are very excited about the projects that we will be completing this summer. These upgrades will help us continue to offer our customers a first-class facility for many years to come. A lot of these projects will have a long-term impact on our ice quality and other amenities that we offer.”
