

The Soccer Factory
12066 Starcrest Dr. Ste. 210
San Antonio, TX 78247
TEL: (210) 495-7676

The health and safety of our customers and team members is of the utmost importance. To ensure a safe shopping and fitting experience for both our customers and our team members, the following safety precautions are being taken by The Soccer factory:

1. All common surfaces such as doors, bathrooms, fitting rooms, counters, and card scanners are sanitized frequently.
2. Hand Sanitizing Stations will be clearly posted throughout the store for customer use.
3. Masks are required in the store in accordance with state official guidelines.
4. Masks and gloves are available upon request for customer use.
5. Fitting uniforms are disinfected after each use, using a disinfectant fogger to sanitize the garment. The garment is then pressed at 300 degrees and allowed to cool before fitting another player.

Player Fittings:

We will be holding in-store player fittings at our retail locations. To schedule an in-store fitting, please visit: www.picktime.com/TheSoccerFactory. Select the desired location and then select your club. Please be sure to review the store guidelines before your scheduled time.

Primary – Uniform Fitting Method:

Uniform items will be available for all teams and all offered sizes will also be available. You will be helped by a store associate who will provide the sizes requested and ensure that the player is fitting the correct team/kit uniform items. You will have an option of filling out a paper copy of your player's fitting sizes or an employee will enter the sizing information using an E-Form. If you choose the electronic form, the employee will take down Name, Number, and Email. A receipt of the fitting sizes will then be emailed to you for future use when placing the order.

We understand that even with these safety measures in place at our retail locations, some of you may not feel comfortable trying on uniforms or visiting our stores. For those who cannot attend an in-store fitting, we have the following alternatives:

Alternate – Store Fitting:

If you are not comfortable with fitting your player by trying on the garment, we will also have gloves available by request for you to see, feel, and compare the uniforms as well. We will have size charts made available for review and would encourage you to measure your players before making the purchase to ensure a proper fit.

Virtual Fitting Option:

We will be offering a size chart for each player to review if they are not comfortable with an in-store fitting. A PDF size chart can be requested by contacting Club Support at: clubsupport@thesoccerfactory.com

Please note that The Soccer Factory recommends an in-store fitting before ordering. The provided size chart does not replace a true in-store fitting and should only be used to make an educated decision. The Soccer Factory is not liable for any sizing ordering issues resulting from use of this guide.
