MIDCOAST RECREATION CENTER CONSTRUCTION

If you haven't visited the MRC since last season, you will notice a lot of changes. They are in the midst of constructing a new pickleball arena and outdoor tennis courts. The entrance and lobby area are different for now too. MRC's goal is to complete building construction by 2026 so things will be a little different for the first few months of hockey. Ice arena changes are smaller and mostly deal with marketing and sponsorships.
