Skills Camp Purpose:

1) To work on individual skill development with drill work each camper can take home to work on at their own time and take those skills and incorporate them into a 5 on 5 game setting.

2) To learn offensive and defensive concepts that will help campers 'think' the game and give them a better understanding of the game.

3) To be around friends, meet new people that will one day be Wildcats and that have a passion for the game of basketball.
