

2020-2021

Registering with CHESAPEAKE REGION & Becoming Affiliated with a CLUB

USA Volleyball and CHESAPEAKE REGION are using a new member management system. This process is different than in years past & you will need a new account on the SportsEngine platform.

1. You will be emailed an invitation like the one below. Please accept it and set up your free SportsEngine account. **SportsEngine allows for family accounts so set up your account in your (the adult/parent's) name and you will be able to add your children as sub profiles in your account.** Only one username & password to keep track of for the whole family- yay!

**** If you have an existing SportsEngine account for your family- you can use that!**

2. You will be emailed a club assignment request from the CLUB. This must be done for CHESAPEAKE REGION to officially affiliate you or your son/daughter with the club for this season. Accept the assignment. You will be directed to purchase a CHESAPEAKE REGION/USA Volleyball membership for \$55 for Juniors or \$45 for Adults.

**** This will appear as two charges on your Credit Card (\$22.50 to USAV, \$32.50/\$22.50 to CHRVA)**
