KSRC State Referee Requirement(s) Policy

US Soccer grants the Referee State Associations the authority to impose additional requirements, by grade, for all Referees registering with that association, as long as the additional requirements are not in conflict with the minimum standards set forth by the National Governing Body.

The following are additional standards/requirements set forth by the KSRC, for all Regional Referees, and those individuals seeking to upgrade to Regional Referee. This policy is in effect from the date reflected, until such time it amended, suspended, or removed from the Program/s Policies.

Referees upgrading from Grassroots Referee to Regional Referee grade or maintaining Regional Referee grade are required to meet the following qualifications on a yearly basis:

1. Attend the yearly Advanced Referee Training Seminar
2. Pass the State Referee Written Test
3. Pass the State Referee Fitness Test
4. Meet the Minimum game and Assessment requirements, set by USSF
5. Meet the additional State of Kansas Requirements for game type and Assessment numbers
6. Fill out the KSRC Game Record Portfolio
7. Provide all requirement documentation prior to attending the Advanced Referee Training Seminar.

Deferments may be requested through the Kansas Referee Administrator.

Pertinent documents, describing the items above can be found at:

1. US Soccer Web Page, under Referee Program
2. Kansas Referee Web Page, under Assessments
3. Kansas Referee Web Page, under Administration - SRC Policy Letters

Referees are encouraged to view all the documentation listed above, on a regular basis. Changes may be made, as well as updates to Kansas Policy, on an as needed basis.

The Tracking Portfolio may be downloaded for record keeping from the Kansasreferee.org Web Page, under Administration - SRC Policy Letters - Referee Game Portfolio.
