

Tiki Taka Futsal Tournament...

Summary Sheet of common FIFA Futsal rules / language used / slight modifications to the FIFA Futsal rules:

ALL DIVISION AND FORMAT – play 5v5

1. Goal kicks are called goal clearance in Futsal. This restart is executed by way of the goalie using their hands when putting ball back into play, clearing the penalty box before a field player can touch it (goalkeeper doesn't kick with feet).
2. PASS BACK RULE IN FUTSAL (Modified from current FIFA Futsal Rule) – on a goal clearance restart (goal kick outdoor), the GK will bring this back into play with hands. That GK's team must look at getting the ball over half court first before they can use the GK as a PASS BACK option. If the ball is passed back to the GK before getting over half court on a Goal Clearance restart, and the GK touches it, an infraction has occurred. A foul is called and an INDIRECT FREE KICK is award to the opposing team on the closest penalty line from where the GK touched the ball. IN THE FLOW / RUN OF PLAY, if the GK saves the shot, or collects the ball from a bad pass or the other team turns it over, the GK plays back into play, the GK's team can play the GK as a PASS BACK option immediate, regardless if the ball has been played over half court.
3. Substitution is completed on the file during the run of play with the tag of hands between the two players on the same team. There is a 5 yrd substitution area by the teams bench to execute the substitution. Failing to execute this substitution method will result in an indirect free kick for the opposing team at the spot where the ball was at on the field if in the run of play, or if the ball is already out of bounds, the kick in call stays as is. The player that cause the substitution infraction needs to be issued a yellow card.
4. All kick ins are indirect kicks (just like thrown-ins with outdoor soccer).
5. Restarts/Free kicks/kick ins need to be executed by 4 seconds (referees will be especially aware of surroundings when enforcing this rule)...once the ball has been placed and ball completely stopped the 4 second count has started.
GOALKEEPER AND 4 SECONDS...at all times during the game, when the goalkeeper is in possession of the ball they have 4 seconds to get rid of the ball – this rule doesn't apply when the GK is on their offensive half of the court.
5. (Within one half of the game)...ACUMULATED FOULS...if a team accumulates 5 team fouls (please refer to the FIFA futsal rules to see what is considered an accumulated foul, but basically ALL direct kick foul infractions), the next foul (6th team foul) on that team will result in a free kick for the opposing team at the second penalty mark; 11 yards away, or on a vball line on the court. (no wall) is allowed from the team guilty of the 6th or more accumulated foul in that half. This continues to happen for any other direct kick fouls that keep occurring in that one half. The accumulated team foul rule starts over after half time, but accumulated fouls that happen in the 2nd half will carry over into OT if this takes place.
6. In the case of an advantage given to a play where a foul has occurred, the official will signal to the score table that a foul has occurred, but advantage has been given. This foul is recorded at the score table and counts toward the total accumulated team fouls. So, if a foul has occurred, but advantage has been given, the score table records this foul, plus a possible foul that might occur later in the flow of play.

*** ABSOLUTELY NO SLIDE TACKLING IN THE YOUTH GAMES. PLAYERS CAN SLIDE TO BLOCK SHOTS, PASSES, and EVEN TO KEEP THE BALL FROM GOING OUT OF BOUNDS, GOING INTO THE GOAL MOUTH. HOWEVER, A SLIDE THAT RESULTS IN JEOPARDIZING THE SAFETY OF PLAYERS THE REFEREE WILL CALL AN INFRACTION ***

EXPECTATION OF CIVIL CONDUCT

Any parent, coach, player or spectator who disrespects the officials or staff or uses foul language or physical contact of any kind will be removed from the facility and/or tournament.
