

Marathon County Ice Arena COVID-19 Operations Plan

Updated 9/9/20

- Anyone experiencing signs or symptoms of illness must not enter the facility.
- Locker rooms will be closed to begin the season - players/participants are to come ready to play. Markings will be posted where players need to sit to put on their skates.
- Facemasks must be worn in all areas of the facility, including the ice, when a local, state or federal order is in place.
- Only one parent allowed per child for youth hockey.
- No more than 35 individuals on the ice.
- A roster with name and number of each attending participant must be submitted at the start of each ice rental.
- If gatherings are allowed, numbers will be kept to 50 people or less outside of the ice rink, including bleacher. Bleachers to be marked off with physical distancing locations, bleacher rows may be skipped to ensure proper social distancing between members of different households. User groups will be required to monitor own group.
- Entrances and exits will be identified. One way in and one way out will be established to avoid cross traffic in the arena.
- Drinking fountains/bubblers will be turned off, participants must bring own water.
- Staff will clean restrooms and high touch points between ice sessions. Groups renting ice will assist in cleaning surfaces such as handles, railings, tables, chairs, etc.
- Per CDC Guidelines, games are discouraged at this time. If needed, there is a limit to single game only – no tournaments or jamborees to limit large groups and users groups must provide volunteers for crowd control.
- Do not arrive more than 10 minutes prior to your scheduled ice session. You must leave within 10 minutes of the conclusion of your ice session. Do not linger or gather inside or outside of the building.
- Dryland will not be available within the rinks.
- Concession area, if open, will have no seating and Youth Hockey will work with Health Department to follow all guidelines in food they can serve and how they serve it.
- Hockey follows guidelines related to contact vs no contact on the ice.
- Open skate offerings will be assessed throughout the ice season.
- All ice users will be required to submit a plan on how their program will abide by the CDC and Health Department Guidelines to protect their players and spectators from the spread of COVID-19.
