Self-Guided Modules (6 hours)

While we have projected 6 hours to complete the self-guided modules, students learn at different paces and could take more or less time than 6 hours. Your self guided modules will take you through the laws of the game.

At the end of each module there will be a knowledge check. This will consist of questions that will help ensure you have understood the teachings of that module. This knowledge check must be passed prior to moving on to the next module.

Welcome to the Self-Guided Modules

You now have access to the Self-Guided Modules. Each module is based on a single law, or a number of laws. This is announced at the start of each module.

Before you begin, ensure you [download or bookmark the Small Sided Laws of the Game](#). Reviewing the Law book prior to starting the modules will be beneficial

Modules may contain videos. You can pause the module and review the video(s) as many times as you wish.

Knowledge checks will take place at the completion of the module to ensure you have understood the information provided to you. You must score 100% in order to move to the next module. You will have multiple attempts.

Once you have passed the module, the correct and incorrect answers will be displayed on the screen. Take time to review your incorrect answers.

You do not have to complete all the modules in one sitting, however you must complete any module that you start. If you do not, you will have to repeat the unfinished module from the beginning of that module.
