

Since 1999, The CSRA HEAT Volleyball Club has worked to improve competitive volleyball in our area. For the past several years, there have been at least 15 travel teams and over 200 girls participating every year in our programs.

Last season we had participants from over 40 area schools and worked with girls from age 9 to 18. Several of our alumni have earned college scholarships and some are now even teaching and coaching in local schools. We have impacted the lives of girls in our community in a positive way. We are asking you to help us continue our volleyball program. You can help girls succeed. A study by the Women's Sports Foundation found that girls who participate in sports:

- Are more likely to get better grades
- Are more likely to graduate
- Reduce their risk of breast cancer with just 4 hours of exercise per week
- Have higher levels of confidence and self esteem
- Have lower levels of depression
- Have a more positive body image
- Experience higher levels of psychological well-being
- Gain critical workplace skills as they learn about teamwork, goal-setting and the pursuit of excellence

To help offset operating and travel related expenses, purchase needed equipment, and help provide entry into the club for those who may not be able to afford it, we are seeking financial donations. There are four tiers of community sponsorships, outlined on the attached document, that progress in value and incentives. 80% of all donations go directly to the player's dues who recruited the sponsor.

Please visit our website, www.csrheat.com, for additional information about our club. We look forward to working with you. Best regards,

Lance Abbott
