Re: Student Athletics Fee (\$50)

Dear parents,

Your child is part of one of the top schools and athletics departments in the state and country. We continue to grow in size and numbers, and with that, our costs grow as well. We have one booster club that supports every sports program at BHS. The BAC (Buford Athletic Club) provided more than \$140,000 to our teams last year. One area that we need continued funding is our Athletic Training / Sports Medicine Program. We have training facilities that would rival most Division 1 University programs. We have 4 full time athletic trainers and state of the art equipment and facilities. There is a constant upgrade in requirements for student safety, and we want to do everything we can for our athletes to remain healthy. When we do have injuries, we offer top level rehabilitation. Our trainers constantly need to order more supplies for our athletes as well as serving our equipment and training machines. The cost to maintain our training room is approximately \$28,000 per year.

Every team and every athlete at BHS has access to our trainers and training room. The only source of income of our Sports Medicine Program is our annual spring sports physicals (\$7,000). Like most other schools, we have implemented a \$50 student athletics fee to help pay this expense. Any student playing athletics at BHS will pay the fee one time per year. If you play multiple sports, you still only pay one time (\$50 per year). **You will pay on My Payments Plus. You will upload your payment receipt into your Dragonfly Account as a sign off to be cleared for participation.** Once the training room costs have been paid, any extra money will go to athletic department expenses (letters, certificates, awards, equipment, weight room maintenance, etc..). We appreciate your support and look forward to continuing to provide our athletes with the best possible situation to be successful at Buford High School.

Sincerely,  
*Coach Tom Beuglas*
