FINISHED BUSINESS:

- RULE CHANGES (see the updated rules for actual verbiage)
 - No music should be played during games (including walk-up music)
 - If two rounds of games are scheduled for same day in tournaments, there shall be a 1H45min time limit instead of 2 hours.
 - Allow for 2nd travel exempt players with same provisions/restrictions as the first
 - Allow for 2nd out-of-area player if the player played for that team for 3 or more years and then moved to another area/school.
 - NO portable mounds even if commercially manufactured and in good condition
- Tournament Hosts
 - Hosting locations should provide primary and secondary point of contact each day for hosting tournaments (who is available if something needs addressed)
 - NOTE: A minimum of 4 fields is required to host most age divisions so some age groups will need to split between two different hosting locations (primary host and secondary host)
 - I would like to get back to Championship games being at just couple venues on the same days when possible (spreading them out over several locations on the same day isn't ideal).
 - LOCATIONS

 - CP2: Edinburg
 - Farm: Brimfield
 - Mog backup for Cp1/CP2/Farm
