

Field Maintenance

Before first games of the day (if needed):

- Carefully sweep the infield and home plate areas in a circular motion from outside edges to the center.
- Chalk foul lines, batters' boxes, pitching circle and on-deck circles.
- Batter Box Size - Girls Fastpitch - 3' x 7' (3' to back, 4' to front)
- All tools and supplies will be in boxes located next to fields.

Between Games and After Last Game:

- Rake area around of each base.
(smoothing the holes created by game play)
- With a rake/broom smooth the base paths!
(push ag-lime/dirt back into the base paths)
- Rake the base paths properly – one motion!
- Rake and sweep the complete infield and home plate area in a circular motion working your way from the outside edges to the center.
- Clean out the dugouts and clean up any garbage around the field/fan area.
- Chalk all lines and as needed between games!

You are signed up by field, but please help out your neighbors when possible. Do your best to get the field ready for the next teams to play!

THANK YOU FOR YOU HELP!
