

Covid-Safety

We will follow all state guidelines for running a sports competition (currently phase III, step I), take reasonable actions to limit risk for our players, families, and coaches, and always prioritize the safety of our players and staff. We ask for your patience and support in making this a safe and enjoyable experience for all.

Here are some important things to note -

- Only players and coaches will be allowed in the courts playing area. Parents, if you need to speak to your player or staff, please wear a mask while maintaining a 6ft distance or more from other players and staff.
- ***Masks and distancing are required for players when they are not engaged in physical activity.*** This includes, but not limited to-
 - Drop off/Pick up
 - Any team meetings
 - If you arrive early and are hanging out with teammates

If you forget a mask, we will have some masks available as backups.

- ***All Coaches and Staff will be required to wear a mask.***
- The Massachusetts guideline for the number of players is: "For team and group sports, no more than 25 players or participants can be on a single playing surface/area/court at any one time." We will be well within this guideline.
- Hand sanitizer will be available to all athletes. We do encourage you to bring your own as you see fit.
- Players will be instructed to avoid unnecessary contact. Specifically -
 - High fives
 - Team huddles
 - Post point celebrationsWill all be strongly discouraged.
- All players will be asked to bring their own water bottle, clearly marked as their own.
- If you are feeling sick, running a fever, or have a positive Covid test please do not attend.
- If you have been around anyone who is feeling sick, running a fever, or has had a positive Covid test, please do not attend.

Because we are required to follow state covid guidelines, any players or families that do not follow our safety guidelines might not be allowed to participate.

All policies are subject to change as State/Federal guidelines may change at any time.
