Directive for Community and School Sponsored Team Sports

The Secretary of Health, in consultation with the Governor, has sole authority over all instances of quarantine, isolation, and restrictions on commerce and travel throughout Arkansas, as necessary and appropriate to control disease in the state of Arkansas as authorized by Ark. Code Ann. §20-7-109--110. Based on available scientific evidence, it is necessary and appropriate to take further action to ensure that COVID-19 remains controlled and that residents and visitors in Arkansas remain safe.

On March 26, 2020, the Secretary of Health in consultation with the Governor placed limitations on public gatherings. This directive provides requirements for lifting limitations to community based and school sponsored team sports through a phased approach for all ages of athletes. Each phase has a set of General Requirements that apply across all team sports with specific requirements applied based on the nature of the contact required by the rules or conditions of the sport.

This directive does not include intercollegiate athletic team sports. This directive allows bands to practice marching and the use of non-wind instruments. However, due to the potential for increased production of respiratory droplets in wind instruments, they should not be used at this time.
