

## Floor photos at Region 7 Level 8 Regionals 2021.

Congratulations to your gymnast for qualifying to Regionals, especially this year. I am pleased to offer photography service to you, albeit in a limited form this year. This year, I am offering just floor photos, (I may be able to get to some of the other events, if so they will be uploaded and purchase options given to you) **As normal I am only shooting gymnasts who are signed up.** - I have learned that the best service is to take photos for parents who want them and focus attention and resources on their gymnasts. Please go ahead and sign up online, any questions, my email is below.
