IMPORTANT INFORMATION

PLAYER ELIGIBILITY PROTESTS

Any protests of player eligibility during Regional and State Tournaments must be made during the three hour period from the start of the mandatory Coaches Meeting until the scheduled start of the Regional or State Tournament. Rosters will be available for all head coaches to review during this time period and, if possible, before the Coaches Meeting.

Player eligibility protests must be handled in the following manner during Regional and State Tournaments.

- **No player eligibility protests will be allowed except during the three hour period.**
- **All player eligibility protests must be made by the head coach to the tournament director.**
The individual player(s) being protested must be named. The team being protested will be notified of the team making the protest. It cannot be anonymous. (No anonymous phone calls, emails or anything other than a protest by the head coach to the tournament director will be accepted.)
- **When the head coach protests to the tournament director, the tournament director will contact the OK Kids state office. The OK Kids state office will then make a ruling on the eligibility of the player. The ruling will be final and be in effect for the entire Regional or State Tournament.**
