Dear USA Volleyball/North Country Region Club:*

The 2019 – 2020 volleyball season officially begins September 1st. With several updates from the USOPC (United States Olympic Paralympic Committee), the U.S. Center for SafeSport, USA Volleyball, and North Country Region this email serves as an effort to consolidate information. Please read and please save for future reference.

We will also be sending a general email to all membership welcoming them to a new season and sharing any information that better prepares coaches, officials, athletes, and parents for the upcoming club season. We know that for many athletes and parents you will be the first resource that an NCR member will contact. Our goal is to share broadly so that the information is consistent and accurate.

No Team Fees – No Tournament Sanctioning Fees – No Tournament Upcharge

Club Cost is **ZERO** – the Board of Directors supported no tournament sanction fees for the 18 – 19 season and have continued the cost saving commitment to members by eliminating team fees for the 19 – 20 season.

[Cost Comparison Chart](#) – we have received several emails and calls about the value of a USA Volleyball – North Country Region membership. While we have hesitated to build a chart, a fresh set of parents’ eyes and their expressed concerns moved us to this decision.

Membership Management System – opens 09/02/2019

USA Volleyball will delay for one year the transition to SportsEngine.

**** NEW Background Screen** – Any screen that is performed between the start of the season and 12/31/19 will be grandfathered under the old requirements. Any screens performed after 12/31/19 will be subject to annual rescreens and an increased price of at least \$30/screen every two years. This is a United States Olympic Paralympic Committee (USOPC) policy for all National Governing Bodies which requires full background screen every two years with a supplementalscreen in off years starting 12/31/19.

What does this mean for you and your personnel who need background screens? All current background screens that do not expire this season and new screens performed prior to 12/31/19 will remain under pre USOPC new requirements. Cost of new screen prior to 12/31/19 will be \$20.00. These screens will be good for two years (expiring 8/31/2021) with no annual rescreen requirement and no additional cost.

**** NEW Athletes turning 18** during the season, *whose teammates are minors, will be required to take "Core" Center for SafeSport training upon turning 18. To prevent any disruption in play, the center will allow athletes who are 17, turning 18 during the season to take "Core" given parental consent. Once a player turns 18, he or she will not be permitted to continue play until "Core" SafeSport training has been completed. ***Complete the parental consent form before registering for training*** if you have a minor athlete who needs to take the training. Once the form is completed, your child will be enrolled in SafeSport training. A notification of registration will be sent to the email address on file to access the course

IMMEDIATE – Third Party Recruiting policy has been moved to best practices.

- As a best practice, North Country Region discourages a third party (parents, junior members, friends, relatives, etc...) acting as a club representative to initiate contact with a junior player who has signed a letter of commitment to another club with the intent to have the committed junior player change club affiliation.

- A club is still prohibited from initiating contact with the intent/purpose of recruiting a junior player who has signed a letter of commitment with another club.

- *March of 2020 the Board of Directors will review the Third Party Recruiting Best Practice and prohibition of a club initiating contact with a junior player who has signed a letter of commitment with another club. The Board of Directors is aware that following the letter of the law may circumvent the spirit of the law. The Board of Directors will seek input from the membership about recruiting policies through the 2019-2020 season.*

Conclusion of 2020 Junior National Championships – affiliation to a club ends

- A junior member athlete may choose to release herself/himself from a North Country Region sanctioned junior volleyball club at the conclusion of the USA Volleyball Junior National Championships. And finally, the Region's inaugural FALL HUDDLE is scheduled for Saturday, October 19. This event is intended as an informational, educational and inspirational meeting for our member Club Directors and Officials. Please mark your calendar! More details will be sent out later next week.
