

Creighton Head Coach Ed Servais and his staff are teaming up with the Baseball Hilltoppers to offer three **FREE** clinics to youth baseball coaches in the Omaha area this winter/early spring. Our clinics last year were a huge success - with over 100 coaches from Omaha participating! These clinics will emphasize strong fundamentals and respect for the game: the foundation for Creighton's success as a Division I baseball program. At the clinics youth coaches will receive:

- Classroom style education
- Drill demonstration led by Coach Servais
- Baseball Hilltoppers coaching manual with in-depth information on fundamentals and drills for your players
- Two tickets to a Creighton game this spring

This year's clinic schedule and locations will be as follows:

Saturday, February 2, 8:30 AM - Rasmussen Fitness & Sports Center, Kitty Gaughan Pavilion. You will be watching a Creighton Baseball Practice that morning

Monday, February 25th, 6:00 PM - Kitty Gaughan Pavilion. Classroom style education

Monday, March 18, 6:00 PM - Kitty Gaughan Pavilion. Classroom style education

The first clinic on February 2nd will feature a Creighton practice, where coaches will be able to observe drills and the structure of a spring practice at Creighton. Following practice, coaches will head over to Kitty Gaughan Pavilion (23rd and Burt) to listen to Coach Servais speak about the foundation for a successful practice.

If you would like to register for the **FREE** clinics - or have any questions - please email Coach Weidner at [paulweidner@creighton.edu](mailto:paulweidner@creighton.edu).

Go Bluejays!
