FIELD MAINTENANCE CHECKLIST

D.C. Wood Baseball is providing this 8-point maintenance checklist that must be followed after every game at fields where maintenance is required. ***Failure to abide by this checklist will result in your team not being allowed to use certain fields.***

1. Rake and drag the entire infield;
2. Fill the holes on the mound and the batter's box; and
 - a. Once holes are filled, rake the area
3. Tarp the mound and batter's box if tarps are available. Make sure to spread out evenly so the areas are well covered;
4. Tarp the bullpen area if tarps are available;
5. Clean out all the trash from the dugout and place in trash cans located inside or outside of the dugout;
6. Take pictures of the completed maintenance including the dugout;
7. Lock the gates;
8. Turn off the lights.
