

# JR. SHARKS

## HOUSE LEAGUE

### 2022-23 WINTER SEASON

**Details by Age Division, Volunteer Coaching Information and Player Registration Available at [www.sjsharks.com/houseleague](http://www.sjsharks.com/houseleague)**

The Jr Sharks House League is excited to announce that registration is now open for the 2022-23 Winter Season! We will begin on-ice evaluations on Saturday, September 10th. Sign up quick to reserve spot and receive important evaluation and season details. Back again for this season, buddy requests may include a total of 2-3 players per request. All players in the request must request each other for it to be valid. Buddy requests must be made during the registration process and include first and last name of each player.

New for this season, each JSHL team will have a Cuda Pro Experience prior to a Barracuda home game. The Cuda Pro Experience will include a game at TechCU Arena with in-game music, goal horn, videoboard display, player announcements and more. Each player will also receive two tickets to the Barracuda game immediately following their pro experience, two ticket vouchers to another Barracuda regular season home game, an autographed puck and hat. This is a one-of-a-kind experience that your hockey player will never forget!
