The fresh experience of Alaska...

... inspires a unique sense of pride in those of us who live and work here. Surrounded by its natural beauty of majestic mountains, sparkling lakes and roaring rivers, enthusiasm bubbles from all of us who are touched by it.

This same enthusiasm for natural beauty cascades over into our daily lives and our work. You will find this same pride in our Alaskan Printing and Services.

We, at Van Cleve Printing Co., Inc., wish to share this freshness with you. We offer design and production for all your printing needs, from Business Stationary to Multi-Color Printing.

GEORGE M. SULLIVAN,
MAYOR

OFFICE OF THE MAYOR

October 25, 1976

Mr. Milan Marcetta
Coach and Manager
Anchorage Wolverines, Inc.

Dear Milan:

As Mayor of the Municipality of Anchorage it is again my pleasure to let you know that I am extremely proud, as I know all the members of our community are, of the outstanding record that you and the Anchorage Wolverines achieved during the 1975-76 winter season.

You gave outstanding performances in competition against some of the strongest teams on the west coast. What more can be said for the great coaching and managing ability as well as spirit, determination and outstanding play by the members of the Wolverines.

From all indications, the brand of hockey will be even sharper and keener than during the past years, and we are all looking forward to another exciting, challenging and rewarding season.

My congratulations to the players, and the great spectators who support Anchorage hockey. Best wishes for a most successful season.

Most sincerely,

George M. Sullivan
Mayor

Anchorage

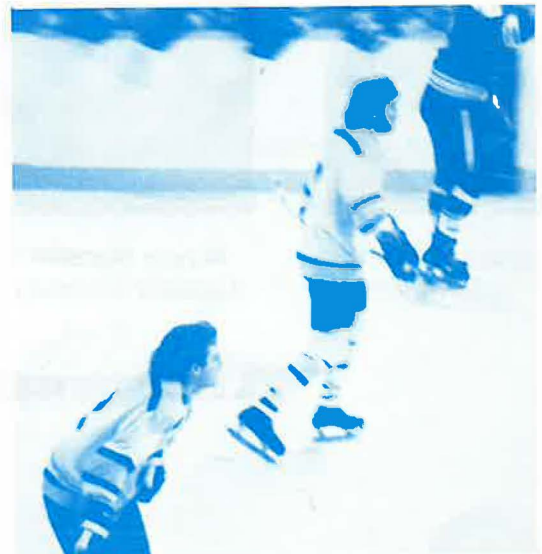

history 1973 - 1976

Four years ago the Anchorage Hockey Association was looking for a way to generate additional income for operating the Sports Arena and the youth program. Thus the idea of having a super good team here in Anchorage that would be able to compete with teams from the outside and to provide entertainment to all the Hockey enthusiasts. Contrary to what some people say the Wolverines have always operated in the black without consideration of the additional income that beer and concession sales also made. Plus a very successful and profitable Hockey School that was run the first two summers after their first season.

Then a few problems arose in their third season, and the arena rent was doubled. Unfortunately the Anchorage Hockey Association did not foresee the need to raise the cost of the Youth Registration and also other events that were held in the Sports Arena, enough to operate at a reasonable profit - loss. Thus they encountered problems with debts piling up and not enough income to pay them.

The new Anchorage Hockey Association Board elected in April of 1976, decided to give up the Arena and the Wolverines to concentrate strictly on a youth Hockey program.

Unfortunately the owners of the Sports Arena decided not to put ice in and more problems arose.

This left the City of Anchorage with only one sheet of ice and the Wolverines with no sponsor. That is when a group of businessmen and Wolverines decided to put up some money to try and keep the Wolverine Program alive and use the Ben Boeke Ice Arena for this winter, for the entertainment of all the people who have so faithfully supported them.

Being that the Ben Boeke Ice Arena is owned by the city, problems have arisen and much controversy over whether the Wolverines should play there. However going thru proper channels and with the High Schools consenting to move a few games to facilitate the weekends for the Wolverines they have been able to come up with a 27 Game Schedule for this season with the hopes of a new facility being available for the next winter.

As this year also progresses you will note the addition of a Fairbanks Team that will debut here in Anchorage with the Wolverines going as well to Fairbanks to play and this hopefully will be the start of a possible league being formed for the State of Alaska in the 1977-78 Season.

With this idea in mind a few people have decided this would be the year to get a good Solid Booster Club going that would not only support the team, but possibly travel out of town with them on road trips etc. Anyone interested in joining and helping should contact Chuck Martin who owns Uncles Pizza and get further information.

This little History lesson pretty well brings things up to date. The A.H.A. is alive and well and the Wolverines will still continue to Support them in anyway possible. We wish them a successful season. Now on with the Game and let's see how many little black pieces of rubber we can put in the Goal Net this year.

STOP

Please do not throw anything, repeat anything on the ice before, during or after the game. Objects on the ice can and have caused serious and in some cases permanent injuries to players.

Only two inches of his skates actually grip the ice and any foreign object on the surface that comes in contact with a player's skates can very easily throw him into the sideboards and cause injury. If you want to throw something, make it your voice.

GAME OFFICIALS

Once upon a time, a hockey game was run by two referees working together. They were their own linemen. Now there is one referee and two linemen.

The referee controls the game. He calls all the penalties and must decide the legality of goals, though sometimes he will call time and ask his linemen for an opinion before he makes a final decision.

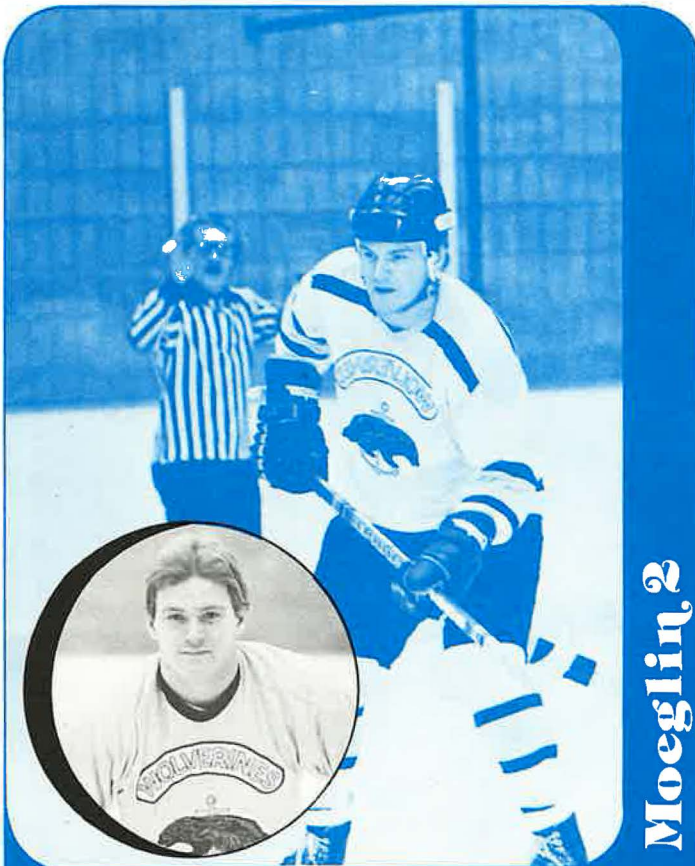

The duty of the linemen is to determine offsides and icings. They drop the puck for faceoffs in the neutral zone. They chase pucks after stoppage of play. And it is their unenviable job to break up fights while the referee assesses the penalties.

Scrapbook, JEFF COOPER

Born August 12, 1952 in Longview, Washington, Jeff is one of a family of three. His parents who are strong Hockey supporters, own the business where Jeff works with his younger brother at Central Plumbing & Heating. Jeff is a corporate member as well as a licensed plumber. His older sister is married and living in Idaho.

Since coming to Alaska in '56 Jeff has always been active in the Hockey Program and is a well seasoned player. He has been with the Wolverines since they were started. He played High School Hockey with Dimond, then 1 year Jr. Hockey in Lethbridge, Alberta followed by 1 year at Princeton University where he won the scoring record for a freshman defenseman.

Jeff is single, his hobbies include hunting, fishing and motorcycling. A highlight of this seasoned player was winning the Gold Medal in the Arctic Winter Games in March of 1974, but is content with just playing defense for the Wolverines.

This season makes Jeff a veteran of 4 years. His playing ability and spirit are certainly a great asset to the team. This year Jeff has an additional role with the Wolverines, that of a stockholder.

Jeff was quoted as saying "the Wolverines have given me the opportunity of meeting new people and the friendship of the other players. The main thing I would like to see in Anchorage is an improvement in Ice Facilities, not only for Hockey, but for all winter sports so there will be enough Ice Time for everyone!!"

"Jeff, we will all agree to that!"

IT TAKES TEAMWORK TO WIN IN THE WOODS, TOO

In the development and management of our nation's timber resources, teamwork is important, too, just as it is in hockey. At Southcentral Timber we take pride in the fact that our harvesting of this leading Alaskan resource is a team project involving not only our skilled foresters, but the experts from state and federal governments, too. This kind of teamwork means that new timber growth will always more than match allowable cut.

"WHEN THE WHISTLE BLOWS"

SLASHING — A series of chopping motions with the edge of one hand across the opposite forearm.

CHARGING — Rotating clenched fists around one another in front of the body.

DELAYED PENALTY — Referee points several times to penalized player and then uses "slow whistle"

ICING — Arms crossed over chest.

CROSS-CHECKING — A series of forward and backward motions with both fists clenched extending from the chest.

MISCONDUCT — Placing both hands on the hips several times and then pointing to the penalized player.

ELBOWING — Tapping either elbow with the other hand.

WASH-OUT — Both arms swung laterally across the body with the palms down; when used by referee it indicates goal disallowed; when used by linesmen it indicates no icing or off-side.

HOLDING — Clapping either wrist with the other hand well in front of the chest.

INTERFERENCE — Arms extended and crossed in front of the body.

HIGH STICKING — Holding both fists, clenched, one above the other at the height of the forehead.

HOOKING — A series of tugging motions with both arms, as if pulling something towards the body.

SLOW WHISTLE — Arm extended above the head, to be used for an icing infraction, delayed offside, or delayed penalty.

TRIPPING — Extending the right leg forward, clear of the ice, and striking it with the right hand below the knee.

HOW TO ENJOY HOCKEY

HOCKEY IS NOT only the fastest sport in the world but it is also one of the easiest to understand. Learn these simple fundamental rules about hockey and you will not only enjoy it more but you will soon be a hockey *expert*.

THE RINK

A regulation hockey rink is rectangular in shape, with rounded corners. It measures 200 feet long by 85 feet wide and has a board fence (generally called the boards or dasher) three and a half to four feet high enclosing the playing surface. Herculite glass panels extend above the boards for the protection of spectators and to keep the puck from constantly going out of play.

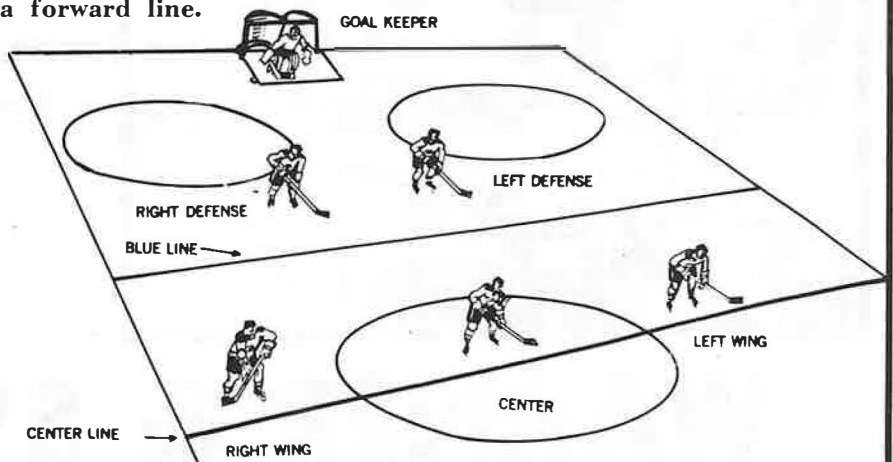

THE HOCKEY TEAM

A hockey team consists of six players: Goalkeeper, right defense, left defense, right wing, center, and left wing.

The center and the two wingers are called forwards. As a unit, they are called a forward line. There are usually three set forward lines, which alternate on a regular basis throughout the game. Two other forwards act as alternates and penalty-killers.

The left defense and right defense are called defensemen. A team invariably carries five defensemen.

The goalie usually plays the entire 60 minutes. However, each team is required to carry two goalies at all times. The second one must be fully dressed on the player bench, ready to play whenever required.

MOST FREQUENT PENALTIES

MINOR PENALTY: Two minutes in penalty box. No substitute allowed. If opponents score on penalized player's team while he is off, he returns immediately to the ice. If a player from each team is sent off simultaneously, they serve the full two minutes even if a goal is scored.

MAJOR PENALTY: Five minutes in penalty box. No substitute allowed and player remains in penalty box full five minutes even if a goal is scored against his team. If a player from each team is sent off with majors simultaneously, both teams remain at full strength.

MISCONDUCT PENALTY: Ten minutes in penalty box. As this is a personal penalty, the penalized player's team does not play a man short. Automatic \$50 fine.

GAME MISCONDUCT: Suspension for balance of game. Again, this is a personal penalty and the team does not play below normal strength. Automatic \$50 fine and case reported to NHL President for possible further action.

MATCH PENALTY: Suspension for balance of game. Team plays one man short for either 5 minutes or 10 minutes, depending on severity of violation. Player automatically fined \$100 and case reported to NHL President for possible further action.

GLOSSARY OF HOCKEY TERMS

BACK CHECK: Attempt by forwards on way back to their defensive zone to regain puck from opposition.

BODY CHECK: Slowing or stopping opponent with the puck by using hip or shoulders.

BREAKAWAY: No opponent between puck carrier and opponent's goal except goalkeeper.

DROP PASS: Puck carrier leaves the puck behind to be picked up by a trailing teammate.

FORE CHECK: To keep opponents in their end of the rink while trying to regain control of the puck.

FREEZING THE PUCK: Holding the puck against the boards with the stick or skates.

HAT TRICK: Three goals scored by a player in one game.

HEADMAN THE PUCK: Passing the puck ahead to a leading teammate.

POWER PLAY: When a team has a manpower advantage, it tries to keep opponents penned in by moving five attackers inside the penalized team's defensive zone and controlling puck.

SLAP SHOT: Bringing the stick back, then quickly forward and slapping the puck ahead.

SPLITTING THE DEFENSE: Puck carrier goes between the two opposing defensemen.

WRIST SHOT: Propelling the puck off the blade of the stick with a flicking motion of the wrist.

HOCKEY'S THREE MAIN RULES

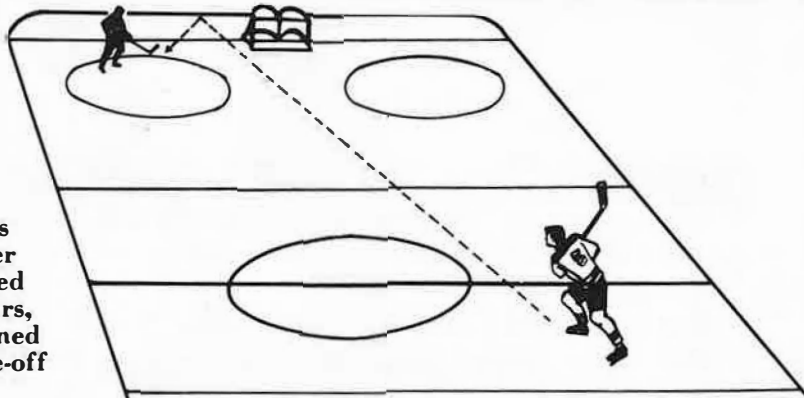

Learn these rules and you will know the cardinal principles of hockey

1 ICING THE PUCK

Icing the puck is *not* permitted when the teams are at *equal numerical strength*. Thus it is an infraction when a player on his team's side of the red center line shoots the puck all the way down the ice, it crosses the red goal line at any point other than the goal itself and is first touched by a defending player. When this occurs, play is stopped and the puck is returned to the other end of the ice for a face-off in the offending team's zone.

Icing the puck is *not* called if:

- a) the goalie plays the puck by leaving his net;
- b) if puck cuts across part of the goal crease;
- c) when a defending opponent, in the judgment of the lineman, could have played the puck before it crossed the red goal line;
- d) when an attacking player who was onside (in the same zone) when the puck was shot down the ice, manages to touch it first; and
- e) when a team is playing shorthanded because of a penalty or penalties.

2

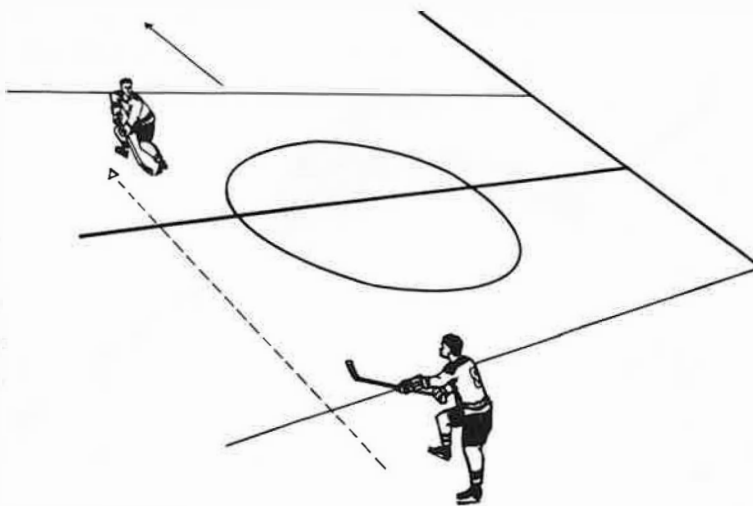

OFFSIDE

A team is offside when any member of the attacking team precedes the puck carrier over the defending team's blue line. The position of the player's skates and not that of his stick is the determining factor. If both skates are over the blue line before the puck, the player is offside. If he has only one skate over the blue line and one on it, he is onside.

3

OFFSIDE PASS

When a player passes the puck from his defending zone to a teammate beyond the center red line (thus crossing the blue line and the red line) it is an offside pass. The position of the puck (not the player's skates in this case) is the determining factor in deciding from which zone the pass was made.

I'll take hockey anytime!

I'm a fairly peaceful man, and an old-time baseball fan,
You can hear me yell when Heilman hits the ball;
And I howl when Ty Cobb stabs one, and I growl when Speaker
grabs one,
And I roar when Babe Ruth's homer clears the wall.
But the diamond sport is quiet to that reeling rousing riot.
To a slashing game of hockey at its prime;
It's a shindig wild and gay; it's a battle served frappe;
Give me hockey, I'll take hockey any time!

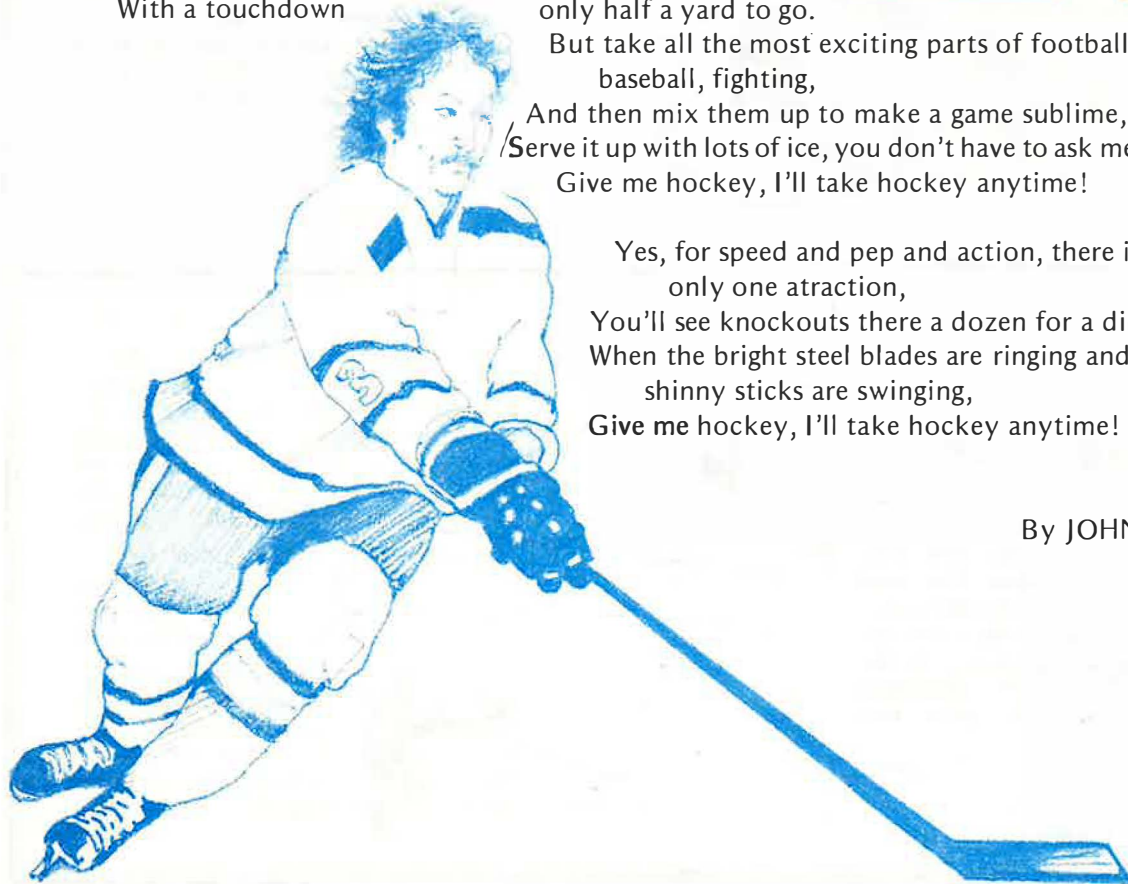

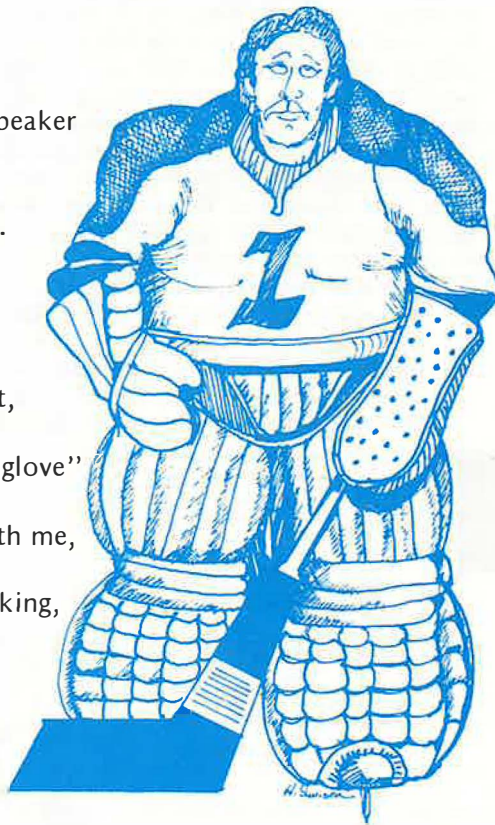

Once, while crazy with the heat, I coughed up to by a seat,
Just to see a pair of robbers grab a purse.
It was a clinch and stall and shove and "Please excuse my glove"
Till I blessed them with a healthy Irish curse.
But for fighting, fast and free, grab your hat and come with me,
Sure the thing they call boxing is a crime,
And for ground and lofty weacking and enthusiastic smacking,
Give me hockey, I'll take hockey anytime!

I've an ever-ready ear for a rousing football cheer,
And I love to see a half-back tackle low.
It's really a gorgeous sight when the boys begin to fight
With a touchdown only half a yard to go.

But take all the most exciting parts of football
baseball, fighting,
And then mix them up to make a game sublime,
Serve it up with lots of ice, you don't have to ask me twice,
Give me hockey, I'll take hockey anytime!

Yes, for speed and pep and action, there is
only one attraction,
You'll see knockouts there a dozen for a dime,
When the bright steel blades are ringing and the
shinny sticks are swinging,
Give me hockey, I'll take hockey anytime!
