Coach Tyma updates:

- Live Streaming for Section Games: Logan Anderson investigating. Costs from MSHSL are high in order to stream sections. Wondering if boosters can cover, if LNHS can't cover all costs. Pete to look into usage stats for our previous streaming of games. No decision yet.
- LSHS football coach resigned and is under investigation. Greater emphasis on compliance with all programs.
- Referee complaints about athletes' language in general (not LNHS-specific). Possible sanctions. Same applies to parents/fans.
- Concessions: email from Tina Peterson regarding poor state of concession stand after games. All programs that do their own concessions are being watched. Some volunteers have been asked to leave or are not doing their jobs correctly. It's possible we could lose the right to do and lose the concession stipend that goes to the boosters.
