

Billet Family Program & Guidelines

Families (Billet Families) who open their homes and hearts to Lincoln Stars players living too far away to commute to practices and games (Players) play a vital role in our organization's success on and off the ice. These special people enable Players to pursue their hockey dreams not simply by providing Players with a place to live, but with enabling an environment in which the Players can thrive physically, academically and emotionally. All that is really required is a willingness to help a player(s) by providing a "home away from home". Meanwhile, the essential values and principles to become a successful member of the Lincoln Stars will be expected from the player in the rink, the home, school and the community.

A successful hosting and billeting experience is truly rewarding for both the Billet Family and the Player through the formation of a unique connection that lasts a lifetime. Billet Families and their Players often stay in contact long after the Player finishes playing. Any young player who has played away from home will tell you that some of their fondest memories include their Billet Families and vice versa!

Guidelines:

The Lincoln Stars consider Billet Families part of the team who play a key role in the development of their billeted players and who represent a rewarding hockey program. Agreeing to act as the Billet Family is a great responsibility and the Billet Family, the family of the Player (Player Family) and the Player each need to understand their obligations and expectations with respect to each other.

To ensure the experience is successful, The Lincoln Stars are providing suggested guidelines for Billet Families, Player Families and Players. Please note that these are simply guidelines to assist the Billet Families and Player Families in determining the rules, responsibilities and expectations that they will follow, and it is solely up to the families to determine the scope, extent and content of such rules, responsibilities and expectations. Each of the Billet Families, Player Families and Players understand that The Lincoln Stars are not responsible for the actions or inactions of any of the Billet Families, Player Families and Players.

- Provide the Billet Family with a signed and notarized temporary parental consent agreement, to be signed by the Billet Family as well, that authorizes the Billet Family to make emergency medical, schooling, and similar decisions if necessary (the Billet Family and Player Family may wish to have any such agreement reviewed by a Nebraska State family law attorney).
- Comply at all times with these terms and the USA Hockey SafeSport Policies.

The above guidelines are for the protection and benefit of the Billet Family, the Player Family, and the Player. Although we understand the above list is not inclusive of every situation, we expect that any question or situation that arises will be communicated between the Billet Family, Coaches and the Player Family and Player immediately. We also encourage the Billet Family and the Player Family to discuss and agree, up front and on a regular basis on any other terms and conditions for the billeting arrangement. The goal is not only to develop good hockey players, but good individuals/citizens, and your efforts in this area are crucial.
