

Walnut Creek Surf Soccer Club is excited to announce a new partnership with Cogeo, a nationally respected consulting firm, to create a successful fundraising strategy in 2021 and beyond. [Cogeo](#) is a consulting firm that specializes in non-profit organizations. Our club is ready to explore and execute on several fundraising initiatives in the near future, and with Cogeo's knowledge and guidance, we have a great firm to work with to achieve our fundraising goals.

Club President Brad Bowles has this to say, "The Walnut Creek Soccer Club was founded in 1971 as a small youth community-based soccer club. As we have grown during the past 50 years (now to a Club of nearly 2900 children) we continue to look for ways to develop the Club and serve our membership. Partnering with a nationally known and respected firm like Cogeo, will enable the Club to grow and provide new and exciting opportunities for not only Walnut Creek Surf Soccer Club but the entire community."

Over the next few weeks, we will be updating our Club's membership on the fundraising initiatives, campaigns and how to become more involved with our efforts.
