

# College Park High School

## Athletics Visitor Information

### Values

The intention of College Park High School is to provide students with access to high school athletics in accordance with CDPH guidelines. Youth sports guidelines permit parents as spectators for supervision of athletes. College Park HS recognizes the importance of family engagement in youth sports and has developed guidelines to facilitate safe parental engagement in high school sports. We encourage all participants to honor the North Coast Section mission of victory with honor as we adapt to new guidelines and open our schools for high school athletics.
