Stacy joined to provide an update:
 - Each travel parent is required to fulfill a 4-hour shift

- 5 key volunteers are needed for each site: Friday night set up, all day Saturday, all day Sunday
- Going forward: look at a model of 7th grade parents who runs the tourney, 6th grade parents shadow. This will allow for it to not be the same group year to year.

4. **Community League**

- Registration numbers are currently in line with last year's. Possibly will have slightly higher registration.
- Currently have 6-8 refs registered. Corey to tap a few high school students. Ping Emily B to post on socials.
- Evaluations to aid if forming balanced teams is scheduled for 10/26 for boys. With girls' registration numbers, there will be one team per grade so no evals needed.

5. **Travel Program Update**

- Review / reflect on try-outs / timing
 - Record number of boys tried out. Girls' numbers dipped slightly.
 - First week of practice complete.
 - Next season thoughts:
 - Potentially have tryouts in August as there were ~15 kids injured from football who were not able to participate in tryouts.
 - Start practice a week later to reduce conflicts with the last week of Soccer and FB. This also will allow the high school team to use the gym in the evenings that week.
- 3rd grade travel communication / try-out plan
 - Jason and Erik to draft communication, create google forms registration document.
 - Evaluators for tryout days are confirmed.

6. **Development Program Update**

- 3rd grade has kicked off and already had 2 practices and 2 games.
- 1/2nd grade numbers are a little low, but there are still 2 months of registration until season starts.

7. **Next Meeting**

- Next meeting will be as scheduled on November 17th at 7pm.
