All COVID-19 restrictions remain in place. General hygiene protocols, safety protocols, player check-in procedures, and contact tracing from our previous action plan are still in effect. That information can be found [HERE](#).

The following rules pertain to games and scrimmages:

1. Check-in procedures- Parents must continue to self check their children. Anyone who has any symptoms of COVID-19 or known exposure, must stay home from games, scrimmages, or practice until cleared to do so.
2. Spectator guidelines- All Triboro parents, players, coaches, and team managers are to abide by the COVID-19 rules and regulations of the league they participate in. All Triboro parents, players, coaches, and team managers are to listen and follow any requests asked of them by referees, coaches, team managers, league officials, or club officials (our club or any outside club)

regarding COVID-19. At a minimum, Triboro teams are to limit spectators to parents only (we will allow a grandparent to substitute for a parent). Siblings may attend only if there is no other option for their care, but it is recommended that large groups be avoided. If there are any spectator limitations in effect per any league or other club (when playing away), all Triboro teams are to abide by them. In the event there are conflicting guidelines between Triboro, leagues, and outside clubs (when away), Triboro teams are to follow whichever is more stringent.

3. Mask wearing- All Triboro players, parents, coaches, and officials must wear masks as soon as they arrive and exit their vehicles. Everyone must wear masks on the sidelines at all times. Players may only remove their mask when playing.

4. Physical distancing- All Triboro players, parents, coaches, and officials must keep a physical distance of at least 6 feet away whenever possible. Families are expected to head right to their vehicles as soon as games are over. Team huddles are not permitted at this time.

5. In the event of a conflict of guidelines, Triboro teams must follow the more stringent guidelines. It is up to coaches to find out league or club guidelines (when away) and relay that info to your team.

6. Zero tolerance- This has been a difficult year for everyone. Everyone is looking forward to enjoying these games after quarantining for 6 months. Please do everything in your power to make this an enjoyable experience for all. We should be grateful to just be outside and active. There is a zero tolerance policy regarding any abusive behavior directed toward referees, coaches, players, parents, and club officials. When in doubt, just refer to our codes of conduct which can be found [HERE](#).

We hope you all enjoy the season as much as possible!
